Scope and content

Athletic Media Relations records contains promotional material created for each St. Cloud State intercollegiate sport, 1920s-2010+. The records are primarily from the 1960s and on. Depending on the sport, materials contained are press releases, media guides, programs, schedules, and score sheets. Some sports, such as hockey, are rich with information; others, such as cross country and skiing, are not as well documented.

The records are arranged in three series.

Series 1: Administrative Records

Records here did not deal with specific sports. Included are press releases that did not deal with a specific sports or several sports within each release, bound programs for athletic contests, and other miscellaneous material.

Series 2: Biographical Files

This series contains biographical information on athletes and coaches while at St. Cloud State and date primarily from the 1970s and on. Records here include forms filled out by athletes and coaches containing biographical information, press releases, clippings, and photographs. Some files simply contain photographs, while others may contained a great deal of information on the person.

Series 3: Sports

This series includes intercollegiate sports. Depending on the sport, materials contained are press releases, media guides, programs, schedules, and score sheets. Some sports, such as hockey, are rich with information; others, such as cross country and skiing, are not as well documented.

Notes
