ST. CLOUD STATE

UNIVERSITY

A tradition of excellence and opportunity

1997-1998 Directory

When it comes to responsible decisions, students can be the best teachers.

One subject students know very well is other students. How to talk to them. What makes them tick. How to influence them. Which makes students the best teachers when it comes to another subject: responsible decision making about alcohol.

The BACCHUS program, sponsored in part by Anheuser-Busch, is a program that allows students like you to play the major role in encouraging other students of legal drinking age to think about alcohol, talk about and develop responsible decision making about alcohol, as well as respect for state laws and campus policies regarding alcohol consumption.

In BACCHUS, you'll find plenty of peers, but no pressure. Just plain talk in a relaxed environment.

There are over 600 BACCHUS chapters on campuses nationwide. If there isn't one on yours, consider starting one. If there is, get involved. Who knows, you could be a great teacher. And a great student.

BACCHUS is the kind of grass roots program that Anheuser-Busch supports to encourage, responsible decision making about alcohol by adult collegians. For more information, contact BACCHUS of the U.S., Inc., P.O. Box 100430, Denver, Colorado 80250

*Let's work together to stop underage
and abusive alcohol consumption.*

How to call

When calling from a local off-campus number to campus, dial 255 and the listed four digit number, unless another prefix is listed.

For on-campus calls, dial the listed four-digit number if the prefix is 255, 654 or 202. All other prefixes must be dialed as though they are off-campus calls.

For local off-campus calls, dial 9 and the seven-digit number.

For directory assistance (on-campus):

Faculty.....0121 Students.....3111

For long-distance calls:

- Operator-assisted calls (collect and person-to-person): Dial 9-0 and give information to the operator.
- Travel/calling card-handled calls: Dial 9 and follow the director on the calling card.
- Faculty and staff should refer to the university procedures manual for information about long-distance calls. These manuals are located in each department or administrative unit office.

GENERAL INFORMATION

At St. Cloud State University, the vast majority of enrollment requests are processed using the Touchtone Registration System by calling (320) 654-5288.

Touchtone registration is one component of the Office of Records and Registration's voice response system. The voice response system will allow you to add classes, drop classes, verify your class schedule, search for open classes and confirm your assigned registration time using a touchtone telephone.

You are responsible for all transactions and adjustments to your class schedule and all financial and academic consequences that result from that schedule. You are responsible for all charges associated with phone calls. Calls may be monitored for security and evaluations.

Step 1: Read all instructions regarding academic and procedural requirements in the Quarterly On-Campus Schedule. The Office of Records and Registration personnel will be able to answer your registration procedures question on the "HELP" line (320) 255-3936.

Step 2: Select your desired classes for the term. The Undergraduate Bulletin and General Education Check List are helpful when selecting required classes for undergraduate programs. The Graduate Bulletin, adviser or personnel in the Office of Graduate Studies, 121 Administrative Services, should be consulted for graduate program requirements.

Step 3: If you are an undergraduate currently enrolled in day classes and wish to advance register for the next term, you must see your academic adviser if you are not yet admitted to a major program. You are expected to make an appointment to see your adviser at least one day before your earliest assigned time to register. Your adviser will have your registration permit which will indicate your unique registration access code. Advisers are assigned to assist in the selection of courses, but the ultimate responsibility rests with you.

If you are an undergraduate student with 128 or more earned credits, you must be formally admitted to an academic major program to access the Touchtone Registration System during the advance registration period. Students who transferred 92 or more credits at time of admission may earn an additional 36 credits at SCSU before admission to major is required.

Formal admissions requirements may vary according to academic programs. Check with the specific academic department for admission procedures.

Step 4: Complete the Touchtone Registration System Worksheet found in the Quarterly On-Campus Schedule. When planning your schedule, be prepared to list alternate classes as well as alternate sections.

Step 5: Check the Registration Schedule for your earliest registration time. Registration is permitted any time after your published time.

Step 6: All financial, academic and other "holds" must be cleared before attempted to add classes. Since it may take up to three working days for "holds" to be removed, it is important that you pay all financial obligations as soon as the obligation becomes due. A late payment will mean a delay in accessing the Touchtone Registration System.

Step 7: You may access the Touchtone Registration System as often as you wish. Each call is limited to 10 min-

utes. After being connected to TrRS, if no entry is made within 45 seconds, the system will terminate your call.

HOW DOES TOUCHTONE REGISTRATION WORK?

All entries must be made on a touchtone telephone line.

If you wish to add a class, you will press 2 (A). The voice response will ask you to enter seven digits: the department number, class number and section number. The voice response will indicate if the class was added. The system has an automatic drop feature. If you add a different section of an already scheduled class, the duplicate (first) section will be automatically dropped. For example, if you currently are enrolled in BIOL 101, section 4, and wish to add section 6, it will not be necessary to drop section 4 before attempting to add section 6. Simply use the add (2) feature adding section 6. If that section is open and does not create a time conflict with an already scheduled class, section 6 will be added, and section 4 will be automatically dropped from your class schedule. A message will verify the transaction.

If you wish to drop or withdraw from a class, you will press 3 (D). The voice response will ask you to enter seven digits, the department number, class number and section number. The voice response will indicate if the class was dropped.

If you wish to speak to someone when you need assistance, you will press 4 (H). You also may call (320) 255-3936 for help without accessing the voice response system. The HELP line will be staffed from 8 a.m. to 4:30 p.m. Monday through Friday.

If you wish to obtain a listing of your class schedule, you will press 5 (L). The voice response system will list all your scheduled classes as well as meeting times and location.

If you wish to list all voice response functions, you will press 6 (M), Main Menu.

If you wish to search for an open class or determine if a specific section is open, you will press 7 (S). By entering Section 00, the voice response will indicate up to five open sections and if an open section conflicts with any other class on your class schedule. If you wish to interrupt the search since you do not require a listing of any additional open sections, simply enter any action code; for instance, press 2 to add a class.

If you wish to terminate your call, you will press 8 (T).

If you wish to drop or withdraw from all classes in your schedule, you will press 9 (W). Listen carefully to the voice response to make certain your class(es) have been dropped before you hang up.

If you wish the Touchtone Registration System to repeat the last message, you will press ** (the star * symbol twice).

If you wish to cancel the current input because you made an error or changed your mind, *do not hang up*, you will press *# (the star * symbol and then the pound # symbol). This will work only if you have not completed the entire entry. This can be used anytime between Step 3 and Step 5A on the worksheet.

If you wish to cancel the current input because you made an error or changed your mind and wish to return to an action code, you will press *8* (the star * symbol, 8 key and the star * symbol). This can be used anytime after you have passed Step 6 on the worksheet.

For more information, consult the Quarterly On-Campus Schedule.

“Your going to **Live it**”

“Your going to **Love it**”

Should I go international?

Yes, if you are interested in exploring a new culture in an academic setting. It often costs no more than staying at home and it's a great way to become more fluent in a foreign language. There are plenty of programs available to broaden your potential, expand your knowledge and awareness. Employers value your experiences which places you in front of the job market. This non-traditional form of learning allows you to make lifelong friends & contacts. So what do you say? “Why not check it out!”

Call Our Office....Now! 255-4287

On A Budget?

Earn up to \$160 a month in cash, only 3 hours a week.

Our facility collects plasma from people like you, willing to give this extraordinary gift. This plasma is converted to products for treatment of hemophilia, shock, and burns as well as the prevention of hepatitis and RH disease of the newborn.

Study, read, relax, and listen to music while you make a difference in the life of someone in need.

Because your plasma donation is so very important, we do compensate you in cash for your time.

For more information, call 259-6300 or make an appointment!

INJURED IN AN ACCIDENT?

WE'RE PAID ONLY IF YOU COLLECT!

Our Policy: If you've been injured or lost a loved one in an accident, we would like to help you. You can see us for free. In fact, we're paid only if we win your claim and you collect.

For your convenience, we will meet with you at your home, office or in the hospital.

Choosing a law firm like Meshbesh & Spence with proven experience and a national reputation won't cost you a penny more.

Ron Meshbesh, Russ Spence and Dennis Johnson, all past presidents of Minnesota Trial Lawyers Association, lead a team of twelve lawyers in our accident and injury department. They've won thousands of settlements and verdicts in accident cases.

College Assistance Now...

...Job Skills For Tomorrow.

If you're looking for help paying for college expenses, consider the benefits of joining the Minnesota Army National Guard. For just a few days a month and a few weeks a year, you can earn up to \$27,000 in college assistance.

That's not all. You'll receive training in one of 300 different job skills that you can use in a civilian career after you graduate. Make the decision that pays off today and tomorrow. CALL NOW:

320-255-2908

MINNESOTA

WANT TO EARN UP TO \$160.00 A month in CASH, 3 HRS A WK.

YOU CAN STUDY OR READ WHILE EARNING THIS E-Z SPENDING MONEY

Our facility collects plasma from people willing to give this extraordinary gift. This plasma is converted to products for treatment of hemophilia, shock and burns, as well as the prevention of hepatitis and Rh disease of the newborn.

As a student of SCSU, you have an opportunity to provide a Life-Saving Gift. By becoming a plasma donor, you help provide vital medical products.

Because your plasma donation is so important, we compensate you in cash for your time while you donate. While you donate, you can study, read a book, or just relax. Earn up to \$160 per month for making a difference in someone's life.

Library for a New Century

ST. CLOUD STATE UNIVERSITY'S LEARNING RESOURCES CENTER

St. Cloud State University will enter the 21st century with a new, state-of-the-art library that truly will be the centerpiece of the campus, both visually and academically. This new learning resources center is destined to become the foundation for carrying St. Cloud State to the next level of excellence and be the focal point for study, learning and the exchange of ideas. The new library clearly is the most significant project for St. Cloud State University in decades. It represents a giant step toward realizing the university's vision for the next century, continuing its tradition of excellence and opportunity.

More than a decade ago St. Cloud State University had the foresight to start working toward the realization of a new library to take Minnesota's largest undergraduate university into a new millennium. The current facility was built when enrollment was half what it is today and information technology was in its infancy. In the three decades since Centennial Hall was built, there has been an explosion of change in the field of learning resources. Thirty years ago the printed word was the primary source of information. Now computer networks link users to a seemingly unlimited stream of global resources for learning on the information superhighway. In the future these resources will continue to multiply. While the home computer will continue to provide access to a limited number of these resources, community learning resource centers will become the primary link to sophisticated technology that students, faculty and community business and education leaders can now only imagine.
