REGISTRATION AT SCSU

At St. Cloud State University enrollment requests may be processed by accessing the Online Registration and Student Information System (www.stcloudstate.edu/registeronline/).

Before attempting to register, read all instructions regarding academic and procedural requirements. Office of Records and Registration personnel will answer registration procedure questions on the student registration "HELP" line, (320-308-3936) or through e-mail via the registrationhelpdesk@stcloudstate.edu.

ONLINE REGISTRATION AND STUDENT INFORMATION SYSTEM

The Online Registration and Student Information System may be used to confirm an assigned registration time, add and/or drop classes, search for open classes, view a class schedule, view academic record, view/change a local, permanent or billing address, and check for grades and holds. The system may be accessed through the SCSU home page at www.stcloudstate.edu and choosing "Registration."

RESPONSIBILITIES

All financial, academic and other "holds" must be cleared before attempting to add. It is important that all financial obligations are paid as soon as they become due. A late payment will mean a delay in accessing Online Registration.

Students will be held responsible for all transactions and adjustments made to their class schedule using Online Registration and all financial and academic consequences that result from that schedule.

Food for thought...

Why do you DELETE something on the computer, but ERASE something on paper?

Since there is a rule that states "i" before "e" except after "c", wouldn't "science" be spelled wrong?

Your vision will become clear only when you look into your heart. Who looks outside, dreams. Who looks inside, awakens.

i HELPED SAVE *a* LIFE TODAY. *i* GAVE PLASMA.

Natalie McKee, College Student

My roommate used to do it all the time. Finally, she talked me into it. I was a little nervous at first, but it really was easy. It didn't hurt and only took two hours. Then, when I found out that plasma was used to make medicines for people with hemophilia and other illnesses, I felt even better. The money didn't hurt either... it helps make ends meet when things are tight. But even after I'm out of college, I'm still going to give plasma. Because it's a way I can help other people... because it's the right thing to do.
