FACULTY AND PROFESSIONAL SUPPORT PERSONNEL LISTINGS

Directory information for university employees was updated in the human resources office on the mainframe computer, which generated a disk compatible with the Macintosh computer in the Office of Public Relations and Publications. There, final adjustments were made before sending the document to Printing Services for composition. Each person was asked to complete an employee data record form. Efforts were made to include anyone who was newly appointed or had completed this form by September 19, 1996. Home addresses and phone numbers were excluded on request. The faculty listing includes part-time faculty members and graduate/teaching assistants. Office phone number changes will be noted in *U-News*, a newsletter for university employees.

STUDENT LISTING

The directory information about SCSU students was typeset from a computer file using data supplied by students until September 27, 1996. Students were notified that they were required to update addresses and phone numbers by filling out change-of-address forms September 16-27, 1996 in the Office of Records and Registration. All students enrolled at SCSU should be correctly listed if they completed the change-of-address form. The cut-off date for inclusion in this year's directory was September 27.

Students who change their addresses or phone numbers during the current academic year should complete a change-of-address form at either the Office of Student Life and Development in Atwood Center or the Office of Records and Registration in the Administrative Services Building.

The Family Educational Rights and Privacy Act of 1974 entitles students to restrict the release of directory information. Students who have filed a statement to this effect at the Office of Records and Registration are not listed in this directory.
