

Faculty - Staff Newsletter

Vol. 1

February, 1960

No. 1

From President Budd:

NEWSLETTER TO BE CHANNEL FOR CAMPUS COMMUNICATION

From time to time I have attempted in the past eight years to get off a bulletin to the faculty acquainting them with developments of one sort or another that I thought would be of interest to them.

My intentions were good, but my performance left a good deal to be desired. I had originally intended to have a bulletin to the faculty once each week. Realizing that was not possible, I then attempted to have a regular publication and enlisted the help of a member of the faculty. That didn't work, either.

I still think it is important that we establish a channel of communication. Accordingly, I have asked Ray Rowland to include among his myriad duties the publication of a Faculty-Staff Newsletter.

The purpose of the Newsletter is to inform faculty and staff of news items which are of interest to them. In order to achieve this purpose it is necessary that each member of the faculty and staff keep Mr. Rowland informed of the things that happen to them that are of news interest.

I think this will undoubtedly be quite an informal publication and will make a valuable contribution to the important task of keeping well acquainted with an increasingly larger group of colleagues.

COLLEGIATE CENTERS ESTABLISHED TO IMPROVE OFF-CAMPUS PROGRAM

Collegiate centers are being established in high schools in seven central Minnesota communities in an effort to improve the college's off-campus program.

Communities chosen are Brainerd, Mora, Anoka, Hutchinson, Willmar, Montevideo and Alexandria. The centers are located so that each can serve students in a 35-mile radius. Additional centers may be opened as the need arises.

Beginning with the spring quarter, three to six courses will be offered at each center, where the college will provide limited library facilities. Under the new program, students may take more than one course in an evening, earning up to eight hours of college credit per quarter.

At a meeting Jan. 13, the faculty voted to remove the college's 45-hour limit on off-campus coursework.

The program is designed to meet a growing demand from the people of central Minnesota for increased educational opportunities on the collegiate level near their homes.

Faculty-Staff Newsletter is an informal, unofficial publication compiled and distributed by Information Services for the President's Office. Items for the Newsletter should be directed to Information Services, Room 116, Stewart Hall, Phone 220.

FOUNDATION PROVIDES FUNDS FOR TWO SCIENCE PROGRAMS

Two programs financed by the National Science Foundation will be conducted at the college this summer.

Dr. Harold H. Hopkins, chairman of the biology department, will be coordinator for an institute for high school science teachers July 25-Aug. 27 for which \$50,900 has been allocated.

Dr. Philip G. Youngner, chairman of the physics department, will direct a training program in science and mathematics for high school students June 13-July 8 which will be financed by a \$14,876 grant.

Facilities in the new Science and Mathematics Building will be used for both programs.

COLLEGE PRESENTS TV PROGRAMS

Four programs sponsored by St. Cloud State College have been presented on television station KCMT-TV, Alexandria, so far this school year.

Included in the half-hour shows were a presentation on the Science and Mathematics Building by President George F. Budd and Howard Walton, supervisor of buildings and grounds; a concert of vocal and instrumental music conducted by Harvey R. Waugh, music department chairman; scenes from "Our Town" directed by Dr. Arthur L. Housman, associate professor of speech, and a demonstration of college wrestling supervised by Willis Wood, wrestling coach.

CONDUCTS MUSIC WORKSHOPS

Dr. Lorene Marvel, professor of music, conducted workshops in elementary school music Jan. 8 at Melrose and Feb. 2 at Bloomington.

NEW SCHOLARSHIP FUND HONORS D. A. BRAINARDS

A Dudley and Merl Brainard scholarship fund has been established in memory of the former president of the college and his wife who died of asphyxiation in their St. Cloud home early in January.

Initiated by the family, the fund will be augmented by contributions from friends and associates. Donations are being accepted at the college business office.

Mr. Brainard was president from 1943 to 1947 and vice-president from 1947 to 1952. He also served as placement director for many years.

NEW INSTRUCTORS ADDED

Two new instructors joined the faculty at the beginning of the winter quarter. They are Frederick C. Markwardt, Jr., instructor in education, philosophy and psychology, and Russell D. Madsen, instructor in business.

Markwardt is serving as a psychologist in the Psychological Services Center in addition to teaching classes. He is married and has one child. Madsen, who taught at Moorhead State College last year, is a temporary replacement for Robert G. Benson, who is on leave. Madsen is married and has two children.

TIDEMAN TO DIRECT TOUR

Philip Tideman, assistant professor of geography, will be tour director for the college's field trip to Nova Scotia next summer. Features of the trip will include lecture tours of Montreal, Quebec and Halifax and a cruise through the Soo Locks. Enrollment will be limited to 33 persons.

Civil Service Notes

TWENTY-TWO EMPLOYEES ADDED
TO STAFF SINCE SEPTEMBER

Twenty-two Civil Service employees have been added to the college staff since last September, according to the Business Office.

The new employees and their assignments are:

Jacqueline Pauley, Clerk-Steno II,
Campus Laboratory School

Patricia Bates, Clerk-Steno I,
Graduate Studies

June Cameron, Clerk-Steno I, In-
formation Services

Georgiann Lahr, Clerk-Steno I,
Student Personnel

Frances Beck, Clerk-Steno I, Lan-
guages and Literature

Hazel Szfranski, Clerk-Steno I,
Education, Philosophy and Psychology

Patricia Warner, Clerk-Steno I,
Social Studies

Patricia Berg, Clerk-Steno I, Phy-
sical Education

Patricia Surma, Switchboard Opera-
tor, General Office

Jane Orvis, Clerk-Typist I, Li-
brary

Irene Trewick, Clerk-Typist I, Li-
brary

Ann Marie Olsen, Clerk-Typist I,
General Office

Mary Peterson, Clerk-Typist I,
Placement Bureau

George Taylor, Custodial Worker I,
Eastman Hall

Arnold Nelson, Janitor, Science
and Mathematics Building

Rowland Moltzan, Carpenter, Steu-
art Hall

Myrl Barnes, Heating Engineer,
Heating Plant

Alice Larson, Dormitory Director,
Mitchell Hall

Mabel Eiffert, Custodial Worker,
Mitchell Hall

Ann Madigan, Custodial Worker,
Mitchell Hall

James Graeve, Dormitory Director,
Lawrence Hall

Hazel Fish has been employed at
the Bookstore.

Two General Office employees have
been transferred to new positions.
Lois Winkelman, Clerk-Steno I, is
secretary for Arts and Music and
Joyce Hinkemeyer, Clerk-Steno I, is
secretary for Mathematics and Science.

ORGANIZATION PLANNED

In a recent survey, most of the 88
Civil Service employees at the col-
lege expressed interest in forming
their own group.

An organizational meeting probably
will be held soon for electing offi-
cers and establishing policy.

The survey was conducted by Mrs.
Jewell Paulson, Miss Marie Hennen and
Earl Hoshal.

IT'S A BOY FOR VELMA

A son, Danny John, was born to Mr.
and Mrs. Francis Meierhofer Nov. 23 in
St. Cloud. Velma was secretary in
the student personnel office.

Many Moves Made

ADMINISTRATIVE OFFICES IN STEWART HALL SWAP ROOMS, EXPAND

The last of January was moving time for most administrative offices on the first floor of Stewart Hall. Here's a brief rundown on moves being made:

<u>Room Number</u>	<u>Was</u>	<u>Will Be</u>
101	Classroom	Program Advisors Office *
103	Combination Office	Registrar's Main Office *
104	Classroom	IBM Room (Registrar's Office)
105	Graduate Studies and Special Services	Registrar's Office (Dr. Pouncey)
106	Mathematics Office	Student Personnel director (Dr. Zumwinkle)
108	Classroom	Four student personnel offices and reception room
110	Student Personnel Services	Placement Bureau **
109	Registrar's Office	Special Services
111	Registrar's Office	Graduate Studies ***
114	Education, Philosophy and Psychology	Faculty Conference Room

* Rooms 101 and 103 will be connected so that students may go directly from their program advisor to Registrar's Office.

** Dr. Zumwinkle's present office will be converted into a conference room for Student Personnel Services, Placement Bureau and student groups.

*** Business Office will expand into present Program Advisors Office.

HARRIS ON WORKSHOP COMMITTEE

Dr. James G. Harris, professor of history, is co-chairman of a committee which is planning a workshop in the preparation of elementary teachers to be conducted at the college next January. The workshop will be sponsored by the State Department of Education.

PART-TIME INSTRUCTOR NAMED

Mrs. Vera Brill of Foley has been employed as a part-time instructor during the winter quarter. She is teaching in the Division of Languages and Literature during the absence of the chairman, Dr. T. A. Barnhart, who has been ill.

DEAN APPOINTS NEW COMMITTEE FOR FELLOWSHIPS, SCHOLARSHIPS

John J. Weismann, dean of men and director of housing, heads a new faculty committee on scholarships and fellowships.

Appointed by Dean Herbert A. Clugston, the committee will serve as a clearing house for fellowships and scholarships for graduate study for both students and faculty members.

Other committee members and the divisions represented are: Donald Beattie, committee secretary, business; Dr. Floyd Gilbert, education, philosophy and psychology; Dr. Frances A. Bleick, health and physical education; Dr. Martha Worthington, languages and literature; Dr. Merle Michaelson, science and mathematics; James Davis, social science, and Dr. James Grunerud, professional laboratory experiences.

TASK FORCE RETURNS FEB. 5

Governor Freeman's Self - Survey Task Force for St. Cloud State College will conduct the second in a series of meetings here Feb. 5.

President George F. Budd will submit reports answering questions asked by the group.

Task forces appointed by the governor are visiting all state agencies in a program designed to maintain administrative efficiency and to keep legislators and the public informed regarding administrative problems in state institutions.

PRINTS EXHIBITED

Twelve woodblock prints by Miss Mary Barrett, instructor in art, were exhibited in January at the College of St. Benedict.

PUBLICATIONS

Selected classroom teachers and music consultants in six states are testing two music resource guides written by Dr. Lorene Marvel, professor of music. The guides, one for primary grades and the other for intermediate grades, are designed to provide teachers with materials for an integrated music program in the classroom. Revised copies probably will be available late this year. Dr. Marvel is now compiling a third guide for junior high grades.

Dr. Robert Rie, assistant professor of German, is the author of nine articles in a new edition of the Encyclopaedia of International Law recently published in Berlin. Edited by the German Society of International Law, the three-volume edition contains 1,200 articles.... A recent issue of the American Journal of Comparative Law includes an eight-page book review by Dr. Rie dealing with German works on nationality laws.

An article by Dr. Harold H. Hopkins, chairman of the biology department, appeared in the November-December issue of the Conservation Volunteer, official bulletin of the Minnesota Department of Conservation. The article, which originally appeared in the Minnesota Journal of Science, explains how biology can be used in teaching conservation.... Another article by Dr. Hopkins appeared in the December issue of Transactions of the Kansas Academy of Science. It describes how trampling by animals affects soil properties.

An article on teacher education in high school reading by Dr. Arnold Zaeske, associate professor of education, appeared last spring in the Developmental Reading Journal.

PUBLICATIONS

Mrs. Helen Huls, instructor in music, has compiled an annotated list of song materials suitable for high school students called "Song-List for Adolescent Voices."

An article by Dr. Charles L. Balcer, director of communication, appeared in the November issue of the Central States Speech Journal. It is entitled, "The Vocal Aspect of Delivery Traced Through Representative Works in Rhetoric and Public Speaking -- Aristotle to Rush."

An abstract of a paper written by Robert W. Price, instructor in physics, appeared in the November issue of the American Journal of Physics. The paper described visiting science programs for small high schools in which Price participated last spring.

An "Impossible Basic 100" list of recordings to help the novice music listener establish a record library has been compiled by Harold E. Krueger, instructor in music. The selections, from all periods of music, are classified according to type, such as band, musical comedy, suites, operas, and overtures. Krueger calls the list "impossible" because in his opinion no single list would satisfy all music lovers.

LIBRARY OPEN 64 HOURS WEEKLY

Under a new reorganization plan started last year, Kiehle Library is open 64 hours each week, according to Dr. Luther D. Brown, director of instructional resources.

Library hours are 7:45 a.m. to 9 p.m. Monday through Thursday and 7:45 a.m. to 4 p.m. on Friday. The building also is open from 9 a.m. until noon on Saturday. According to a recent survey, no other state college library in Minnesota is in operation more hours per week.

LEASE TEACHES TV COURSE
MONDAY NIGHTS ON KTCA

Alfred A. Lease, industrial arts instructor, is teaching a television course during the winter quarter over KTCA, Channel 2, St. Paul. Classes are conducted from 7 to 8 p.m. on Mondays.

The course is the second in a series of six which began last fall with a science course conducted by Dr. Harry H. Goehring, associate professor of science education.

CORE TEACHERS GROUP PLANNED

Dr. A. H. Schelske, principal, and Jack R. Jones, junior high supervisor, at Campus Laboratory School, attended a planning session for the organization of a state core teachers group Jan. 15 at the University of Minnesota. They also attended a meeting of the National Core Teachers Association last fall in Kansas City.

DONNELLY HEADS MFA COMMITTEE

William A. Donnelly, assistant professor of English and journalism, is chairman of the Minnesota Education Association's Centennial Publications Committee. The group will plan and supervise the publication of materials pertaining to the MEA Centennial Year, 1960-61.

AWARDED SCOUTERS KEY

David F. Grether, assistant professor of biology, recently was awarded a Scouters Key for outstanding work as a Boy Scout leader in St. Cloud. Other faculty members who have earned Scouters Keys are Dr. Arthur F. Nelson, Dr. Ronald G. Riggs and Dr. George J. Skewes.

CONVENTION NOTES

Dr. Robert H. Wick, chairman of the speech department, and Dr. Charles Balcer, director of communication, attended an annual convention of the Speech Association of America Dec. 28-30 in Washington, D.C.

Dr. Fred T. Menninga, associate professor of education, and Stanley D. Sahlstrom, director of special services, attended a national meeting of Phi Delta Kappa, professional educational fraternity, Dec. 28-31 at the University of Missouri.

Dr. Arthur L. Housman, associate professor of speech, was on the program at a meeting of the American Educational Theatre Association Dec. 28-31 in Washington, D.C. Dr. Housman is vice-president of the North Central Theatre Association.

Alfred A. Lease, instructor in industrial arts, was on the program at an annual convention of the American Vocational Association Dec. 8-9 in Chicago. He spoke on "The Unique Contribution of Industrial Arts to American Education." Roy Hamari, instructor in industrial arts, also attended.

Dr. Marvin Thompson, assistant professor of English, attended a writers conference Dec. 4-5 at the University of Iowa.

MATH TEACHERS MEET HERE

Dr. Roland A. Vandell, associate professor of mathematics, is co-ordinator for regional meetings of a Minnesota mathematics study group being held monthly at the Science and Mathematics Building. Central Minnesota junior high teachers attending the meetings are among some 130 teachers in the state who are conducting experimental mathematics classes in a program sponsored by the Minnesota National Laboratory.

COMMITTEE APPOINTMENTS

Dr. Victor L. Lohmann, director of the Psychological Services Center, has been reappointed to the Governor's Advisory Board on Handicapped, Gifted and Exceptional Children for a three-year term. The 12-member board provides advisory and consultant services for state health, education and welfare agencies.

Alfred A. Lease, instructor in industrial arts, has been named to a five-member committee which will establish standards and recommend courses in industrial arts for grades seven through twelve in Minnesota's public schools. The appointment was made by Dean M. Schweickhard, state commissioner of education.

Dr. Albert H. Krueger, associate professor of psychology, has been appointed to the State Board of Education's Advisory Committee on Guidance, Counseling and Testing Programs.

Dr. A. F. Brainard, chairman of the Division of Health and Physical Education, has been appointed to the State Board of Education's Advisory Committee on Health and Physical Education.

YOUNGNER LECTURES AT INSTITUTE

Dr. Philip G. Youngner, physics department chairman, lectured Dec. 3-4 at a National Science Foundation Institute for High School Science Teachers at the University of South Dakota.

TALAHY CONFERENCE FEB. 6

Another faculty-student conference on improving the intellectual atmosphere on the campus will be conducted Feb. 6 at Talahi Lodge. Miss Marlene Adrian, instructor in physical education, and Dr. Arthur L. Housman, associate professor of speech, are in charge of arrangements.

PRESIDENT NAMES BALCER
ASSOCIATE ACADEMIC DEAN

Dr. Charles Balcer, professor of speech and director of communication since 1957, has been named associate dean of academic administration by President George F. Budd, effective July 1, 1960.

The appointment was announced after Dr. Herbert A. Clugston, academic dean since 1943, asked to be relieved of his administrative duties by the summer of 1961. When the transition is completed next year, Dr. Balcer will become academic dean and Dr. Clugston will teach in the Division of Education, Philosophy and Psychology until he retires in 1963.

Dr. Balcer, who received his M.A. and Ph.D. degrees at the State University of Iowa, was director of forensics at St. Cloud State College from 1954 to 1956. After spending a year on the faculty at Oswego State Teachers College in New York, he returned to St. Cloud.

He has been a high school teacher in Iowa and Minnesota, a speech instructor at the State University of Iowa and principal of Detroit Lakes High School. He served as an Army officer in World War II.

Dr. Balcer was president of the Central States Speech Association in 1949 and 1953 and is a member of the Speech Association of America, Minnesota Education Association and National Education Association. He is married and

(Continued on Page 2)

STATE BUILDING COMMISSION
TO VISIT CAMPUS MARCH 25

Buildings and facilities at St. Cloud State College will be inspected by the Legislative Building Commission in a biennial tour of the Campus Friday, March 25.

Commission members will arrive at Mitchell Hall at 9 a.m. to hear President George F. Budd describe the college's building needs and appropriations requests for consideration by the 1961 legislature.

Dr. Budd's presentation will be followed by a bus tour of the campus and walking tours through some of the buildings. After a 12:30 p.m. luncheon, the legislators will continue discussing building needs with college officials until about 3 p.m., when they will go to the St. Cloud Reformatory for a similar visit.

The commission will inspect buildings at every state institution before the 1961 legislature convenes to act upon its recommendations.

Roger F. Noreen, representative from Duluth, is commission chairman. Other House members are Delbert F. Anderson, Starbuck; Eugene P. Knudsen, Kandiyohi; William L. Shovell, St. Paul, and John P. Skeate, Minneapolis.

Senate members are Chris L. Erickson, Fairmont; William C. F. Heuer, Bertha; J. A. Josefson, Minnesota; Harold R. Popp, Hutchinson, and Charles W. Root, Minneapolis. Edward A. Burdick

(Continued on Page 2)

BALCER APPOINTED ASSOCIATE DEAN
(Continued from Page 1)

has four children.

Dean Clugston has been on the college faculty since the fall of 1931. He was appointed chairman of the Division of Professional Studies in 1940.

Dr. Clugston was one of the founders of the Minnesota State College Inter Faculty Organization in 1938 and served as its first chairman. When he leaves his present office next year, he will have completed 17½ years as academic dean.

BUILDING COMMISSION COMING
(Continued from Page 1)

is executive secretary for the commission.

The commission has invited six legislators from the St. Cloud area to make the college inspection, and four St. Cloud civic and business leaders also will participate.

OLSON ADDED TO STAFF
AT PLACEMENT OFFICE

Harry Olson, Jr., instructor in business, has joined the staff at the Placement Office, assisting Dr. Charles Emery, placement director.

Olson will begin his new duties on a fourth-time basis during the spring quarter while continuing to teach business courses. He will be a full-time member of the placement staff during the summer and will continue on a half-time basis when the fall quarter begins.

Olson will give particular attention to the placement of graduates in business and industry, assisting the increasing number of firms seeking to employ graduates of the college's departments of business administration and industrial technology.

Olson, who holds three degrees from the University of Minnesota, has been vocational coordinator at high schools in Willmar and Northfield. He joined the college faculty in the fall of 1958.

CAMPUS CHATTER Brief Items About Your Colleagues -- and Possibly You

Dr. Robert Brown, associate professor of geography, is chairman of a sub-committee on secondary school certification which this month completed a report for the State Advisory Committee on Social Studies. Dr. Brown is president of the Minnesota Council for Geographic Education.... James W. Davis, assistant professor of social science and advisor to the college's International Relations Club, attended a North Central Conference of International Relations Clubs March 4-5 in Winona.... Dr. Lewis C. Smith, Jr., professor of English, has been named a contributing editor to "Books in Literature and the Arts," a publication being prepared by the National Council of English Teachers. Dr. Smith will contribute 20 articles on world biography for the book, which will be published next year.. .. Claud Crawford, mathematics instructor, has been awarded an Academic Year Institute scholarship by the National Science Foundation. The grant will allow Crawford to begin work toward a doctorate at the University of Colorado next September.... Guido Detra, assistant professor of industrial arts and driver education, was program coordinator for a Driver and Safety Education Conference March 8 at the college.... Roger Barrett, assistant professor of music, was chairman of a band demonstration during a Mid-Winter Clinic of the Minnesota Music Educators Association Feb. 19-20 in Minneapolis.

From President Budd:CURRICULUM SURVEY INVOLVES ALL FACULTY MEMBERS;
PURPOSE IS TO STUDY AND EVALUATE TOTAL PROGRAM

The need to give attention to the curriculum offerings at our college has become increasingly clear during the past several years. St. Cloud, however, is no different from most colleges in this regard. The encouraging thing is that we have been able to make some plans for doing something about our need.

As announced to the faculty some weeks ago, a Curriculum Survey Committee has been appointed. Its members are: Irvamae Applegate, chairman, Charles Balcer, Philip Tideman, Alyn Dull, Arthur Housman and Albert Luker.

The members of the committee were selected because of their interest in this project and for the particular abilities which the college administration wished to have serving the tasks of the committee. There is, by design, no attempt to have committee members represent academic divisions. Rather, they are to represent all of the curricular interests of the college.

The project is an "all college" endeavor and it seems appropriate to emphasize the fact that all members of the faculty are involved in the work to be done. Assignments vary -- some faculty members are carrying a particularly heavy load of courses during the spring quarter in order to free committee members to work on the curriculum project. Other faculty members will be called upon from time to time to gather data needed by the committee. Every faculty member is potentially a resource to be called upon by the committee.

The Curriculum Survey Committee has been instructed to make the following assumptions:

1. If there were no public colleges in existence in Central Minnesota, what functions should be served by a public college established in this area?
2. What is the rationale for establishing the college and for the functions to be served?
3. What curriculum or curriculums should be offered by the college in order to accomplish the functions desired?
4. What academic program should make up each curriculum? ("Academic program" is here used in the broad sense of including courses carried on through lectures, discussions, independent study, "testing out," etc.; laboratory experiences carried on in conjunction with courses; assigned readings.)
5. Forgetting entirely the conventional plan of quarters or semesters in which courses and credits are cut and shaped to meet a logical arrangement with "pre-requisites" and "required sequence," how would you organize the academic offerings in a four-year baccalaureate program?
6. What administrative and faculty organization would be most likely to enhance the achievement of the goals set up for the academic program?

The physical facilities provided for the Curriculum Survey Committee are not the best, but they are adequate. Room 317 in Stewart Hall has been set aside as the work room for the committee. Here will be accumulated books and other material to be
(Continued on Page 8)

Comprehensive Exams

NEW TESTING PROGRAM
AIDS SUPERIOR STUDENT

Superior students at St. Cloud State College may earn enough credits to complete their undergraduate work in three years under a new program of comprehensive examinations approved by the faculty.

Beginning late this spring, tests will be offered to students with high academic records in courses selected by division chairmen. No student will be allowed to receive more than 48 quarter hours of credit through the program.

Each examination will be equal to tests and other written work required of students taking the course, according to Dr. Herbert A. Clugston, dean of academic administration. In some cases, oral examinations or written papers also may be required.

Purpose of the program is to encourage superior students to advance rapidly, Dean Clugston said. Even high school seniors with outstanding ability will be eligible to take comprehensive tests before college enrollment.

Each student permitted to take a comprehensive exam will be required to pay a \$5 fee for a course study guide. He must make an A or B on the test in order to receive course credit. If he fails, the student will forfeit the exam fee and be required to take the course. He will not be given another chance to take the test.

FTA WORKSHOP ATTRACTS NEARLY 400

Nearly 400 high school students attended a Future Teachers of America Workshop Feb. 24 at the college. Coordinator was Stanley Sahlstrom, director of special services.

CLASSROOM MUSIC COURSE
BEGINS MARCH 28 ON TV

Dr. Lorene Marvel, professor of music, will begin teaching an 11-week television course March 28 on Channel 2, KTCA.

Called "Current Concepts in Music for the Classroom," the course will be televised from 7 to 8 p.m. on Mondays through June 6.

Designed primarily for elementary classroom teachers, music consultants and school administrators, the course will emphasize ways in which an integrated classroom music program can contribute to the development of the child.

COLLEGE TO EXCHANGE STUDENTS
WITH WEST GERMAN UNIVERSITY

Bonn University and St. Cloud State College will exchange students beginning next fall under a new scholarship program approved by the student activity committee.

Each institution will send one student, who will be required to pay only his travel expenses. The exchange program was arranged by Dr. Robert Rie, assistant professor of German.

PARTCH SEEKS PRESERVATION
OF NATURAL PRAIRIE AREA

A proposal for establishing and preserving a natural prairie area in central Minnesota was presented to members of the Pierz Sportsmen's Club Feb. 17 by Dr. Max Partch, associate professor of biology.

Dr. Partch maintained that an area near Royalton containing the last remnants of animals and vegetation peculiar to prairie land should be preserved for scientific and educational purposes.

Civil Service Notes**MRS. PAULSON ELECTED
ASSOCIATION PRESIDENT**

Mrs. Jewell Paulson, secretary to President George F. Budd, has been elected president of the newly organized St. Cloud State College Civil Service Employees Association.

Other officers elected at a meeting Feb. 18 are Miss Marie Hennen, accountant, vice-president; Miss Inez Kronenberg, secretary to the academic dean, secretary, and Arnold Aubol, building foreman, treasurer. Earl Hoshal, account clerk, and Mrs. Leone Bauerley, business office secretary, were named board members.

The officers are now preparing a constitution for the Association which will be similar to one used at Mankato.

**BUSINESS MANAGER PREPARING
NEW HANDBOOK FOR EMPLOYEES**

A "Handbook for Classified Employees" prepared by Milton Balgaard, business manager, will be distributed to Civil Service employees at the college early this spring.

The booklet, first of its kind, will contain information about conditions of employment, including salary schedule, welfare benefits, sick leave, vacation time, holidays and retirement.

**TWO CLERK-TYPISTS ADDED
TO CIVIL SERVICE STAFF**

Two new Civil Service employees have been added to the college staff during the past two months, according to the Business Office.

They are Mrs. Theodora Kothe, clerk-typist I, Student Personnel Services, and Mrs. Bernice Olson, clerk-typist I, Registrar's Office.

**"FELLOWSHIP FUND" PROPOSED
BY CIVIL SERVICE COMMITTEE**

A "fellowship fund" to provide memorials for Civil Service employees or their families has been proposed by a six-member committee of the college Civil Service Employees Association.

Under the plan, dues paid to the Association would provide flowers or gifts for members or their families in the event of resignation, retirement, illness or death.

Members of the committee are Maynard Larson, account clerk, chairman; Barbara Belschner, secretary to the dean of women; Laurene Duea, custodial worker; Amelia Hockert, secretary to librarians; Floyd Panno, custodial worker, and Kenneth Soder, custodial worker.

Flu Victims Please Note**ABSENT DUE TO ILLNESS?
HERE'S HOW TO REPORT IT**

Faculty and staff members who are away from their jobs for one day or more because of illness are required to report that information to the Business Office, according to Milton Balgaard, business manager.

When the employee realizes he will be absent because of illness, he should notify his division chairman or supervisor by telephone immediately. Upon his return to work, he should fill out a sick leave form provided by the Business Office. If the absence has been longer than three consecutive days, the form should be accompanied by a doctor's certificate.

Each employee receives one day of sick leave credit for each month he is on the college staff. Questions concerning sick leave should be directed to one's division chairman or supervisor.

FACULTY ADVISORS SOUGHT
FOR 1961 SPAN PROGRAM

The Minnesota SPAN Association (Student Project for Amity among Nations) is seeking qualified college faculty members to accompany small groups of students to Ghana, Italy, Spain and the Soviet Union in the summer of 1961, according to Dr. Robert Zumwinkle, director of student personnel services and SPAN representative for St. Cloud State College.

Faculty members who apply should have a fairly good command of the language of the country involved (English is satisfactory for Ghana) and must be willing to meet regularly with the students for general orientation during the next academic year.

The advisor must be available to his students for consultation and assistance for eight weeks in the country visited. During the remaining time abroad, he will be free to travel as he pleases. After returning to the United States, the advisor will be required to help students prepare projects and to grade their papers.

The position carries a stipend of \$1100 for the summer, part of which is earmarked as travel expenses. Interested faculty members should write a letter of application to Dean Horace T. Morse, 106 Nicholson Hall, University of Minnesota. Applicants also should include 15 copies of a professional and personal data sheet. Deadline for applications is April 8. Interviews probably will be conducted on April 20.

Further information may be obtained from Dr. Zumwinkle or Dr. Harold Lieberman, associate professor of sociology, who was advisor to a SPAN group in Scotland last summer.

GOEHRING, GREYER PARTICIPATE
IN VISITING SCIENTISTS PROGRAM

Two faculty members visited three Minnesota high school Feb. 23 in a visiting scientists program sponsored by the Minnesota Academy of Science.

Dr. Harry Goehring, associate professor of science education, was at McIntosh High School and David Greyer, assistant professor of biology, was at Mentor High School. Both presented an evening program at Bagley High School.

Purpose of the program is to help improve high school science instruction by providing consultant services in the classroom.

CAMPUS PHOTO LAB ADOPTS
NEW POLICY FOR PICTURES

A new policy has been adopted by the Campus Photo Lab regarding orders for pictures. Except for the Talahi and Chronicle, all pictures are to be ordered through Information Services.

Only pictures to be used for publicizing all-school activities will be paid for through student activity funds.

The policy was established at a meeting of representatives of the Photo Lab, Talahi, Chronicle, Student Publications Board, Student Personnel Services and Information Services.

CIVIL SERVICE CHANGES

Alice Pelger, Business Office employee, has been promoted from clerk-typist I to clerk-typist II... Mrs. Pauline Stahl, IBM operator, resigned effective Feb. 26... Daniel Nierengarten was employed as a groundsman last December.

CONVENTION NOTES

Dr. Donald Pollock, associate professor of education, is attending planning sessions of an interim committee for the development of evaluative criteria for Minnesota elementary schools at the University of Minnesota. Dr. Pollock represents the state colleges on the committee.

Roger W. Price, physics instructor, presented a proposal for a statewide astronomy education program in Minnesota during an annual meeting of the National Association for Research in Science Teaching Feb. 10-13 in Chicago. Price has been instrumental in organizing a Central Minnesota Astronomical Society which is meeting monthly in St. Cloud.

President George F. Budd attended an annual meeting of the American Association of Colleges for Teacher Education Feb. 10-13 and a National Conference on Higher Education March 6-9, both in Chicago.

Dr. Philip Youngner, chairman of the physics department, attended a meeting for directors of the National Science Foundation's 1960 Summer Science Training Program for Secondary School Students Feb. 22 in Albuquerque, N.M. Dr. Youngner will direct the St. Cloud State College program, which will be conducted June 13-July 8.

Miss Grace Nugent, assistant professor of education, attended a national conference of the Association for Student Teaching Feb. 10-13 in Chicago. Miss Nugent served as a recorder for a research group and was on a planning team.

Miss Virginia Williams, assistant professor of business, attended a meeting of the National Association for Business Teacher Education Feb. 11-13 in Chicago.

TWO MORE GROUPS APPEAR
ON ALEXANDRIA TELEVISION

St. Cloud State College's art department was featured on a television program Feb. 23 on KCMT, Alexandria. Faculty members who appeared on the program were Mrs. Algalee Meinz, department chairman, and Miss Mary Barrett and Charles Crane, art instructors.

Members of Orchesis, modern dance group at the college, will perform on another KCMT program from 4 to 4:30 p.m. March 29. Miss Eva McKee, assistant professor of physical education and faculty advisor for the group, is in charge of arrangements.

The unsponsored programs are presented by the station as a public service.

ART FRATERNITY WILL RENT
PRINTS TO FACULTY, STAFF

Woodblock prints made by art students during the past few years may be rented by faculty and staff members for display in their homes and offices under a "rent-a-print" program sponsored by the college chapter of Kappa Pi, national art fraternity.

Rental price is 50 cents per month. Proceeds will be used to buy additional prints so the fraternity can offer a wider selection.

Prints available are on display in the first floor lounge and on the third floor of Stewart Hall.

COLLEGIATE CENTERS OPEN

St. Cloud State College will offer 23 off-campus courses in its seven new collegiate centers during the spring quarter beginning March 24. The centers are located at high schools in Alexandria, Anoka, Brainerd, Hutchinson, Montevideo, Mora and Willmar.

From President Budd:CURRICULUM SURVEY WILL
EVALUATE TOTAL PROGRAM
(Continued from Page 3)

used by the committee in their study. A secretary will be reassigned from one of the academic divisions for the spring quarter in order that the committee may keep current and informed in their discussions. It is expected that by the close of the spring quarter the work of the committee will be presented to the faculty.

The basic thought underlying the establishment of the Curriculum Survey Committee is that a college needs to live and act vigorously in the present. At the same time it is advisable to look toward the future to make it as secure as a future ought to be. The future of a college may not be wholly in its own hands to decide, but it is none the less necessary to choose goals and to exercise mature devotion to those goals.

Our purpose is to step back and take a critical look at where we are now; to decide where we ought to go; and to lay plans for a future which is educationally desirable and to which we can devote with pride our full energies.

TWO ATTEND NAIA MEETING

Edward Colletti, director of athletics, and Dr. John Kasper, baseball coach, attended sessions of an annual meeting of the National Association of Intercollegiate Athletics March 7-12 in Kansas City. Colletti is chairman of District 13, which includes Minnesota colleges in the NSCC and MIAC conferences, and Dr. Kasper represents Minnesota and three other states on the NAIA baseball committee.

COLLEGE BLOOD BANK BENEFITS
STAFF AS WELL AS STUDENTS

Faculty members and Civil Service employees as well as students at St. Cloud State College are entitled to receive blood transfusions through the college blood bank, according to Mrs. Marguerite Conlin of the college Health Service.

Thirty-six pints of blood were added to the bank during a drive last quarter in which both students and faculty members made donations.

Wives and minor children of faculty and staff members also are eligible for blood under the program, Mrs. Conlin said. Although the blood is stored at St. Cloud Hospital, qualified persons can receive transfusions in other hospitals under a transfer arrangement.

Persons interested in making donations to the college blood bank should make arrangements at the local hospital through the college Health Service, located in Eastman Hall.

PUBLICATIONS

Dr. Philip Youngner, chairman of the physics department, is co-author of an article in the January issue of the Journal of Molecular Spectroscopy which solves a long-standing problem in spectroscopy, a science dealing with spectrum analysis. The article, resolving a discrepancy between theory and experimentation, is entitled "Molecular Constants of Indium Chloride from Absorption Bands near 3600 Angstroms."

The Minnesota Journal of Education is publishing a series of five articles on personnel policies in Minnesota public schools written by Dr. Irvamae Applegate, associate professor of education.

DIVISIONS ELECT DELEGATES FOR FACULTY SENATE;
FIFTEEN AT-LARGE MEMBERS TO BE CHOSEN IN MAY

St. Cloud State College's 180 faculty members have approved the establishment of a faculty senate to represent them in policy making and advisory matters. Thirty-six members will be elected to the senate, which will begin its duties next September, according to Dr. Marvin Thompson, chairman of the faculty council.

Representation will include two faculty members from each division and 15 from the faculty at large. Permanent members will be the president, academic dean and director of student personnel services. Duties of the senate will include supervising and reviewing work of committees, organizations and publications. It also will make recommendations to the faculty and to the administration. At present, faculty business is conducted at open meetings at which each faculty member has a vote. Committee work is supervised by the faculty council.

HONORS AND AWARDS

James Crane, who taught art at St. Cloud State College in 1957-58, is featured in a 12-page article in the March issue of Motive, magazine of the Methodist Student Movement. Crane, now chairman of the art department at Wisconsin State College, River Falls, has been an illustrator for the magazine since 1951. His brother, Charles, is presently an art instructor at the college.

Dr. Robert Rie, assistant professor of German, has been appointed a fellow of the Instituto Interamericano, international organization devoted to the discovery, coordination and dissemination of knowledge concerning man and his activities. Dr. Rie was cited for his "distinguished career, dedication to the ideals of scholarship, wide knowledge of and experience in the area of social relations, and his willingness to cooperate in the discovery of truth and the advancement of knowledge without fear or prejudice."

Dr. Charles Balcer, director of communication, has been elected to the delegate assembly of the Speech Association of America. He also is serving a second term as a member of the executive committee of the organization's legislative assembly.

Divisions will be represented in the faculty senate by the following persons, chosen in recent division elections:

Arts and music: Dr. Lorene Marvel (3-year term) and Dr. Ray Larson (2); business: Harry Olson (3) and Miss Virginia Williams (2); education, philosophy and psychology: Dr. Floyd Gilbert (3) and Dr. Victor Lohmann (2); health and physical education: Dr. John Kasper (3) and Dr. Frances Bleick (2); language and literature: Dr. Paul Cairns (3) and Dr. Robert Wick (2); mathematics and science: Dr. Rowland Anderson (3) and Dr. Harold Hopkins (2); professional laboratory experiences: Dr. Floyd Perry (3) and Miss Eva Cook (2); social sciences: Dr. James Harris (3) and Dr. Ralph Holloway (2); and special services: Dr. Luther Brown (3) and Dr. Marvin Holmgren (2).

A committee headed by Dr. Lyle Ball will nominate 30 faculty members from which 15 are to be chosen as faculty-at-large members. Voting will take place between May 1 and 15. Other members of the nominating committee are Dr. James Harris, Dr. Robert Wick, Dr. Victor Lohmann and Mrs. Algalee Meinz.

Miss Audra Whitford is chairman of the election board.

Faculty - Staff Newsletter

Vol. 1

No. 3

From President Budd:

COMMITTEE MOVES AHEAD IN CURRICULUM SURVEY

I feel confident that all faculty members who heard Dr. Irvamae Applegate's recent preliminary report from the Curriculum Survey Committee were as impressed as I was by its thoroughness, objectivity and clarity.

The committee already has made great strides toward its goal of formulating a quality program of higher education at this college and determining how it can best be implemented during a period of steady increase in student enrollment.

The study is so broad that it involves administration, staff utilization and facilities as well as curriculum. A number of faculty members have been called in to consult with the six-member committee. For instance, just this week the committee met with representatives selected by division chairmen.

In order that all faculty members may understand factors which are influencing the committee in its deliberations, a reading list of books and articles on higher education has been distributed. In digesting this material, the committee has recognized five recurring questions and four points on which there seems to be general agreement.

The questions are:

(Continued on Page 2)

FOURTEEN FACULTY MEMBERS PROMOTED BY STATE BOARD

Fourteen faculty members at St. Cloud State College have been promoted by the State College Board. The promotions will become effective at the opening of the 1960-61 academic year.

Elevated from associate to full professor (Group I) were Dr. Robert Zumwinkle, Dr. Irvamae Applegate, Dr. Lyle Ball, Dr. Robert Brown, Dr. Harold Hopkins, Dr. Floyd Perry and Dr. Martha Worthington.

Dr. Merle Michaelson was promoted from assistant to associate professor (Group II).

Promoted from instructor to assistant professor (Group III) were Allen Brink, Mrs. Marjorie Jarvi, Robert Laudon and Frederick Markwardt.

Etny Nequette and George Erickson were advanced from Group V to Group IV instructors.

COLLEGE PLANS 28 COURSES AT CENTERS THIS SUMMER

St. Cloud State College will offer 28 off-campus courses at its seven collegiate centers in central Minnesota this summer, according to Academic Dean H. A. Clugston.

Nearly 700 persons are enrolled in 22 courses being conducted at the centers during the spring quarter.

COMMITTEE MOVES AHEAD
IN CURRICULUM SURVEY
(Continued from Page 1)

1. What should be the purposes of higher education?
2. What should be the nature of the liberal or general education for all students?
3. How can college faculty resources and facilities be most effectively used to educate ever increasing numbers of students?
4. What arrangements can be made to arrange for the more able students?
5. What should be the nature of professional education?

The points of agreement are:

1. A certain amount of liberal education is necessary for all students, regardless of career choice.
2. Higher education should be concerned with quality and opportunities for higher education should be available to all who can profit from it.
3. Staff and facilities can and must be utilized more effectively.
4. Provision must be made for the more able students.

I would like to urge all faculty members to make use of the reading list provided. Most of the references may be checked out in Room 317, Stewart Hall. The work of the committee will be much more fruitful if all of us understand the basic concepts which are influencing their decisions.

COLLEGE AWARDED \$10,000
FOR FACULTY SUMMER STUDY

St. Cloud State College has been awarded a \$10,000 grant by the Danforth Foundation of St. Louis, Mo., to be used for summer study by faculty members over a three-year period beginning in 1961.

St. Cloud is one of 20 colleges primarily concerned with teacher education included in the program, which is designed to strengthen the academic excellence of the institutions by enriching the educational and cultural backgrounds of their faculty members.

The grants will be used exclusively for summer study, either pre-doctoral or post-doctoral, in the humanities and liberal arts, particularly in fields outside the faculty member's own specialization in professional education and methodology.

A committee composed of the president, the academic dean and the associate dean will review summer study proposals submitted by faculty members and make individual allotments.

PHI DELTA KAPPA OFFICERS
VISIT ST. CLOUD CAMPUS

National officers of Phi Delta Kappa, professional fraternity for men in education, visited St. Cloud State College March 23 to consider a request for establishing a campus chapter at the college.

St. Cloud is the first state college in Minnesota to seek a campus chapter, according to Dr. Fred Menninga, president of the St. Cloud field chapter, which has 52 members.

WANTED--Housing director for Carole Hall for the 1960-61 school year. Unmarried female faculty members interested in the position should contact John Weismann.

"Operation Professional Improvement"

SEVEN FACULTY MEMBERS TO TRAVEL ABROAD THIS SUMMER;
OTHERS WILL STUDY, ATTEND MEETINGS THROUGHOUT U.S.

Seven faculty members at St. Cloud State College will travel to Europe, the Middle East and Asia this summer. Some 20 others will leave the campus to study, teach and attend meetings at other colleges and universities throughout the nation.

Maud and Louis Hill Foundation grants for overseas research have been awarded to Dr. Marjorie Morse, professor of history, Mrs. Mildred Jones, dean of women, and Dr. Charles Emery, placement director.

Dr. Morse will study nationalism in countries surrounding Saudi Arabia, Mrs. Jones will study the role of women in the Middle East, and Dr. Emery will conduct a comparative education study in India, Nepal and Ceylon.

Another European traveler will be Miss Marlene Adrian, physical education instructor, who will visit England, Denmark and Rome in a course called "Comparable Foundations in Physical Education and Recreation" sponsored by Cortland State University.

Two other physical education teachers, Miss Eva McKee and Mrs. Marjorie Biegler, are planning European tours. Miss Biegler's trip, sponsored by the American Association for Health, Physical Education and Recreation, will include attendance at the Olympics in Rome.

Dr. Robert Rie, assistant professor of German, will lecture in Germany and Switzerland before visiting his native Austria.

Dr. Carl Folkerts, professor of economics, will attend a seminar on the economic problems of Asia either

at the University of California or the University of Washington. Dr. Paul Cairns, associate professor of English, will use resource materials at major American libraries to study the imaginative literature of East and West. Dr. Robert Brown, associate professor of geography, will use the same method to study the geography of Siberia.

Dr. Max Partch, associate professor of biology, will teach a course and help direct research projects at a summer institute for high school science teachers at Humboldt State College in California. He also will attend a meeting of the National Ecological Society's Western section in Eugene, Ore.

At the other end of the nation, David Grether, assistant professor of biology, will attend a three-week summer conference on "Recent Developments in Molecular and Developmental Genetics" at Cold Spring Harbor, N.Y.

Dr. Irvamae Applegate, associate professor of education, will attend a National Education Association convention in Los Angeles, representing the Central Minnesota Education Association, which she heads. She also will attend a national Teacher Education and Professional Standards conference at San Diego State College.

Dr. Ronald Riggs, professor of political science, also will attend the NEA convention as chairman of the CMEA legislative committee.

Dr. Charles Balcer, associate academic dean, will attend a two-week College and University Teaching Workshop at Oregon State College. Dr. Arthur Nelson, chairman of the Mathe-

(Continued on Page 4)

FACULTY TO TRAVEL ABROAD,
THROUGHOUT U.S. THIS SUMMER
(Continued from Page 3)

matics and Science Division, will attend an American Chemical Society meeting in New York City.

President George F. Budd will attend a School ~~for~~ Executives sponsored by the American Association of Colleges for Teacher Education at Bemidji State College. He is a member of the school's planning committee.

Two faculty members will attend National Science Foundation mathematics institutes -- Alyn Dull at the University of Wisconsin and Ernest Stennes at the University of Kansas.

Eight others who will switch from the role of teacher to that of student during the summer are:

Charles Bruton, biology instructor, who will do graduate work at the University of Minnesota's Biological Station on Lake Itasca;

Donald Eddy, industrial arts instructor, who will do graduate work at the University of North Dakota;

Mrs. Algalee Meinz, art department chairman, who plans to complete her dissertation for a doctor's degree at Pennsylvania State University;

Alfred Lease, industrial arts instructor, who will do doctoral work at the University of Minnesota;

Miss Marina Axeen, reference librarian, who will do doctoral work at the University of Illinois;

Robert Hall, business instructor, who will work toward a doctor's degree in business education at the University of North Dakota;

Mrs. Helen Huls, music instructor,

PUBLICATIONS

An article by John H. Wills, assistant professor of English, is reprinted in a new book edited by R. W. Stallman entitled "The Art of Joseph Conrad: A Critical Symposium." The article, called "Adam, Axel and 'Il Conde,'" originally appeared in "Modern Fiction Studies" in 1955.

"Music in Everyday Living and Learning," a new publication of the Music Educators National Conference, contains an introduction and four examples of creative learning in action written by Dr. Lorene Marvel, professor of music. The publication was prepared for the Music in American Life Commission of which Dr. Marvel is a member.

A book review by Dr. James Harris, professor of history, appeared in the 1959-60 winter issue of the Wisconsin Magazine of History. Dr. Harris reviewed the book, "Pioneer Judge: The Life of Robert Lee Williams," by Edward E. Dale and James D. Morrison.

A new anthem by Harvey Waugh, music department chairman, has been published by Schmitt-Hall-McCreary, a Minneapolis music publishing firm. The title is, "O Word That Goest Forth on High."

FACULTY-STAFF NEWSLETTER is compiled and distributed by Information Services for the President's Office. Send news items to Room 116, Stewart Hall, or call Extension 220.

who will do vocal research at the University of Michigan;

Roger Barrett, assistant professor of music, who plans to complete his coursework and dissertation for a Ph.D. in music education at the University of Iowa.

FIFTEEN AT-LARGE MEMBERS
ELECTED TO FACULTY SENATE

Faculty members have elected 15 at-large delegates to represent them in the newly-established Faculty Senate which will begin its duties next September.

The senate will be the faculty's official policy making and advisory group. At present, faculty business is conducted in open meetings at which each person has a vote.

In addition to the at-large delegates, the senate will include two faculty members elected from each division, the president, academic dean and director of student personnel services.

The at-large delegates are Mrs. Irvamae Applegate, Charles Balcer, Lyle Ball, Charles Emery, Carl Folkerts, Harry Goehring, Arthur Housman, Paul Ingwell, Harold Lieberman, Albert Luker, Ronald Riggs, A. H. Schelske, George Serdula, Marvin Thompson and Philip Youngner.

Terms of one, three or five years will be determined at the group's first meeting.

In other faculty voting, James Harris and Donald Pollock were elected to the curriculum committee, Lewis Smith and Marvin Thompson to the faculty committee, David Grether to the intercollegiate athletics committee and Miss Eloise Courter, Vernon Mork and Ray Rowland to the publications committee. All will serve one-year terms.

BAIER TO PRESENT RECITAL

Donald Baier, music instructor, will present a piano recital at 8:15 p.m. Tuesday, May 31, in Stewart Hall Auditorium. The public is invited.

CONVENTION NOTES

J. Dixon Emswiler, assistant professor of special education, was chairman of a panel on speech trends during a national conference of the Council for Exceptional Children April 18-23 in Los Angeles. Emswiler is a member of the Council's admissions committee.

Dr. Robert Brown, associate professor of geography, read a paper April 20 during an annual meeting of the Association of American Geographers in Dallas. The paper was entitled "Some Sequential Occupance Time-Lines of Minnesota."

Dr. Harold Lieberman, associate professor of sociology, attended a national conference on world population May 17-19 in Dallas, co-sponsored by the Dallas Council on World Affairs and Newsweek magazine.

Francis Voelker, English instructor, attended a North Central Regional Conference of the National Education Association's Department of Classroom Teachers March 30-April 1 in Des Moines. Voelker is president of the Central Minnesota Education Association's Department of Classroom Teachers and a member of the State Department of Education's Advisory Board.

Two members of the mathematics department attended an annual meeting of the National Council of Teachers of Mathematics April 21-23 in Buffalo, N. Y. They were Ernest Stennes, assistant professor, and Alyn Null, instructor.

Registrar Truman Pouncey attended a meeting of the American Association of College Registrars and Admissions Officers April 19-22 in Los Angeles. During the meeting, he was chairman of a work seminar for registrars who have recently installed IBM equipment.

Civil Service Notes:ASSOCIATION ADOPTS CONSTITUTION;
APPROVES DUES, "FELLOWSHIP FUND"

A constitution for the newly-established Civil Service Employees Association was adopted at a meeting April 7 in Stewart Hall.

The association, which now has 65 members, will meet the second Thursday of January, April, July and October. Dues are \$1 per quarter or \$4 per year.

A "fellowship fund" was established to provide flowers in the event of a member's death or extended illness and a gift on retirement or resignation, based on years of service. Fund dues are \$1 per year.

THREE EMPLOYEES ADDED;
SIX TURN IN RESIGNATIONS

Three new civil service employees have been added to the college staff during the past two months, according to the Business Office.

They are Phyllis Lesnick, Clerk-Steno I, Business Division; Mrs. Esther Keller, Clerk-Steno I, Social Studies Division; and Patricia Suchy, Tabulating Machine Operator I, IBM Room.

Mrs. Keller replaces Patricia Warner, who resigned. Other employees who have resigned are Lois Winkelman, Clerk-Steno I, Arts and Music Division (July 1); Mrs. Laverne Heinen, Clerk-Typist I, Bureau of Physical Resources (June 30); Phyllis Featherstone, Clerk-Steno I, and Shirley Hinkemeyer, Clerk-Steno I, Psychological Services Center (June 10 and June 30); and Daniel Nierengarten, Groundsman (June 1).

Sharon Beumer has been transferred from the General Office to the Registrar's Office, changing positions with Mrs. Bernice Olson.

FIVE SECRETARIES ATTEND
STATE MEETING AT MANKATO

Five secretaries at St. Cloud State College attended a conference of the Minnesota Association of Educational Secretaries April 29-30 at Mankato.

They were Mrs. Jewell Paulson, President's Office; Barbara Belschner, Student Personnel Services; Amelia Hockert, Library; Phyllis Lösnick, Business Division; and Inez Kronenberg, Academic Dean's Office.

FACULTY PERSONALS

James W. Davis, assistant professor of social science, accompanied four students to a Public Affairs Conference April 27-30 at Principia College near St. Louis Mrs. Mildred Jones, dean of women, has been elected secretary-treasurer of the Minnesota Association of Deans and Counselors of Women.... Harvey Waugh, music department chairman, has accepted a two-year appointment to the Fine Arts Advisory Committee of the State Board of Education. Waugh also has been invited to conduct an all-state South Dakota high school orchestra and chorus during a music festival next November at Huron Philip Tideman, assistant professor of geography, accompanied the college flying team to Ohio State University May 13-14 for the National Intercollegiate Flying Association air meet. St. Cloud won the team championship for the second straight year Dr. Russell Hamm, assistant professor of education, has been elected president of a newly-organized Minnesota Conference of Core Teachers. Jack Jones, instructor in education, was named secretary.... Miss Charlotte Curran, physical education instructor, has been re-elected national vice-president of Phi Delta Pi, professional physical education fraternity for women. She also heads the 6,000-member organization's constitution and budget committee.

6,000 Students Expected By 1970:COLLEGE SEEKS STATE FUNDS
FOR SEVEN NEW BUILDINGS

Expecting an enrollment of 6,000 students by 1970, St. Cloud State College has requested state appropriations for the construction of seven new buildings and a library addition.

The request was presented by President George F. Budd to the Legislative Building Commission for consideration by the 1961 Legislature.

At the top of the list is a physical education building. Also requested were a maintenance building, special education and health services building, speech and music building, dormitory and dining hall, student center, housing unit for married students and library addition.

Buildings already authorized for the college on which construction is scheduled to begin soon are an industrial arts and art building, laboratory school addition, dormitory and food services building and a heating plant addition.

STUDENT TEACHING PROGRAM
REVIEWED AT CONFERENCE

More than 100 classroom teachers, administrators and board members from central Minnesota public schools and college faculty members attended the college's fifth annual Student Teaching Conference May 2 at Campus Laboratory School.

Purpose of the conference was to review St. Cloud's student teaching program in area schools. This year more than 300 students will have spent one quarter teaching in off-campus centers.

CONVENTION NOTES

Donald Dedmon, forensics director, accompanied four students to a national convention of Tau Kappa Alpha, national honorary forensics association, March 21-23 at the University of Utah in Salt Lake City.

Four members of the women's physical education department attended a conference of the Central District Association for Health, Physical Education and Recreation April 6-9 in Fargo, N.D. They were Dr. Frances Bleick, department chairman, Mrs. June Goemer, Miss Marjorie Biegler and Miss Eva McKee.

Miss Virginia Williams, assistant professor of business, presided at a Founders Day breakfast April 24 during a state convention of Delta Kappa Gamma in St. Paul. Delta Kappa Gamma is an honor society for women in education. Miss Williams is second vice-president of the Minnesota organization.

Dr. Arthur Housman, director of the College Theatre, led a panel discussion on "Producing Period Plays" April 9 at a meeting of the Central States Speech Association in Chicago. Others from St. Cloud who attended were Dr. Charles Balcer, director of communication; Dr. Robert Wick, speech department chairman, and Dr. James House, associate professor of speech.

Dr. Floyd Perry, chairman of the Division of Professional Laboratory Experiences, and four student teaching supervisors attended a tri-state meeting of the Association for Student Teaching May 6-7 at North Dakota State Teachers College, Minot. The supervisors were Mrs. Alice English, Mrs. Florence Bennett, Paul Ingwell and James Grunerud.

HONORS SECTION SELECTED FROM ART HUMANITIES CLASS

Eighteen students from an art humanities class of some 300 freshmen were selected for a special honors section during the spring quarter at St. Cloud State College.

Chosen on the basis of their high school academic record and college entrance examinations, the students made field trips to supplement their classroom instruction.

Selections were made by Mrs. Alga-lee Mainz, art department chairman, and Charles Crane, who taught the section.

CONSERVATION WORKSHOP SCHEDULED THIS SUMMER

Dr. Harold Hopkins, biology department chairman, and Dr. Donald Netzer, associate professor of geography, will conduct a six-week workshop in conservation and conservation education this summer for school teachers.

Designed to improve and expand conservation education in central Minnesota schools, the workshop offers four quarter hours of credit.

COLLEGE, CHAMBER COOPERATE IN SMALL BUSINESS INSTITUTE

Stanley Sahlstrom, director of special services, and Dr. Clair Dagget, Business Division chairman, were in charge of arrangements for a six-week Small Business Management Institute April 5 through May 10 at the college.

Forty business executives in the St. Cloud area were enrolled in the program, co-sponsored by the college and the St. Cloud Chamber of Commerce.

ENROLLMENT POLICY CHANGED AT CAMPUS LABORATORY SCHOOL

Enrollment at Campus Laboratory School will be on a first-come, first-served basis beginning next September, according to Principal A. H. Schelske.

The new policy will have little effect on the school's 1960-61 enrollment, however, since classes for the next school year already will be made up by Sept. 1.

For the past few years college faculty members have been given preference in enrolling children at the school. The policy change, approved by the Administrative Council, is designed to give all parents in the St. Cloud area an equal opportunity to place their children in the school.

Parents who now have a child enrolled will continue to receive priority in enrolling additional children as they reach school age.

RECORD FEATURES SELECTIONS BY CONCERT BAND AND CHOIR

A new long-playing record featuring 12 selections by the college concert band and choir is now available at the music department, according to Harold Krueger, music instructor.

The record is priced at \$3.50, with proceeds going into a scholarship fund sponsored by the Music Club.

MUSICAL PRESENTED EIGHT TIMES

A cast and orchestra of nearly 100 students and faculty members presented the musical comedy "Wonderful Town" May 5-8 on the campus, May 13-14 at Duluth and May 21-22 at Robbinsdale. Dr. Arthur Housman was play director and Harvey Waugh was musical director.

From President Budd:ENROLLMENT GAINS WILL MAKE
REQUESTED BUILDINGS ESSENTIAL

To the casual observer, our college's recent request for state appropriations for seven buildings and a library addition might appear to be excessive.

Actually, in view of impending enrollment increases, we are asking for no more than what is essential if we are to meet our educational obligations during the current decade. The buildings we seek fit into a long-range plan of campus development which represents a great deal of thinking and planning.

As I pointed out to the Legislative Building Commission, our enrollment has increased 100 per cent in the past five years. In the same period, the proportion of Minnesota college students attending St. Cloud increased from 3.5 per cent to more than 5 per cent. By our most conservative estimates, we will have 6,000 students on the campus by 1970.

The college must allow for a lapse of three years between the time money for a building is appropriated and the time when it can be occupied. That means, even with legislative approval in 1961, none of the seven buildings we have requested can actually start serving students until 1964.

These are basic facts to be kept in mind as we move into what will be for our college a most important legislative session.

PHYSICIST VISITS CAMPUS

Dr. H. W. Schmitt, physicist at Oak Ridge National Laboratory, spent two days on the campus in April meeting with students and faculty members.

FACULTY PERSONALS

Dr. Raymond Larson, chairman of the Arts and Music Division, conducted an "Action Course in Practical Politics" this spring in St. Cloud sponsored by the legislative affairs committee of the St. Cloud Chamber of Commerce... Dr. James House, associate professor of speech, has been elected to the board of the Minnesota Speech and Hearing Association for a two-year term.... Dr. Arthur Nelson, chairman of the Division of Mathematics and Science, was in charge of arrangements for the 1960 State Science Fair May 6-7 at the college. Dr. Merle Michaelson, assistant professor of science, handled arrangements for the Central Minnesota Regional Science Fair April 9. Both events were conducted in the new Science and Mathematics Building.... The college has distributed a bulletin on "Improvement of Astronomy Education through a State-Wide Program" to most Minnesota high schools and to astronomical societies throughout the nation. The bulletin was written by Roger Price, physics instructor, who was instrumental in organizing a Central Minnesota Astronomical Society last fall.... Faculty members who attended a meeting of the Minnesota Reading Association April 23 at Albert Lea were Dr. Charles Blacer, Dr. Victor Lohmann, Dr. Arnold Zaeske, Mrs. Audrey Crawford, Mrs. Virginia Chirhart, Miss Eva Cook and Mrs. Eleanor Campbell... Some 600 persons now teaching in Minnesota and nearby states have taken an unusual course in school law taught regularly for the past six years by Dr. Floyd Gilbert, professor of education and psychology. The course covers statutes and judicial decisions affecting public education in all states, particularly Minnesota.... Dr. Lewis Smith, Jr., professor of English, has been appointed to a Committee on Comparative Literature by the National Council of Teachers of English.

Faculty - Staff Newsletter

September, 1960

No. 4

FIRST FACULTY MEETING SCHEDULED FOR MONDAY

President George F. Budd has called a general faculty meeting for 9:30 a.m. Monday, Sept. 19, in the Mathematics and Science Auditorium.

Here's the schedule: 9:30 a.m. -- opening session; 10:15 a.m. -- coffee break; 10:30 a.m. -- division meetings; 12 noon -- faculty luncheon in Stewart Hall Cafeteria; 1:15 p.m. -- advisors meet with Academic Dean H. A. Clugston, Room 207, Stewart Hall, and new full-time faculty members meet with President Budd, Room 228, Stewart Hall.

Luncheon tickets (\$1) will be on sale at the Mathematics and Science Building from 8:30 to 9:30 a.m.

TUNNEL CONSTRUCTION NEARING COMPLETION

Detouring of traffic in the college area will continue during the next few weeks while workmen complete the installation of a general utility tunnel along First Avenue between Tenth and Sixth streets south.

The 5-by-7 foot concrete tunnel will reach from the Tenth Street power plant to Mitchell Hall, linking buildings along the way. Steam pipes, electrical wiring and water lines will be placed in the tunnel for easy and economical maintenance.

APPLICATIONS REQUIRED FOR PARKING PERMITS

Beginning this fall, faculty and staff members who plan to use college parking areas will find it necessary to submit a parking permit application to the Buildings and Grounds Office for consideration, according to Howard Walton, director of physical resources.

Because parking space is severely limited, applications will be reviewed by Walton and President George F. Budd, who will grant permits on the basis of need.

Applications are to be submitted to Room 9, Stewart Hall. Persons whose applications are accepted will be notified when they may pick up their permits. New bumper decals featuring the college seal will be issued.

Faculty and staff parking areas will be the same as last year. The two largest are located east of Stewart Hall and south of Eastman Hall. Permit holders are particularly encouraged to use the Eastman Hall lot to relieve the pressure on the Stewart Hall lot.

Walton said parking stalls will be marked and drivers will be expected not to straddle lines in order to make maximum use of available space.

(Continued on Page 6)

Wide Variety of Interests, Talents Represented:

COLLEGE GAINS TWENTY NEW FULL-TIME FACULTY MEMBERS;
EIGHT REGULARS ON LEAVE; FIVE RETURN TO POSTS

Twenty new full-time faculty members for 1960-61 have been added at St. Cloud State College since last spring. Some are filling new positions while others are replacing faculty members who have resigned or taken leaves of absence.

The following brief biographical sketches are designed to help you get better acquainted with the new additions:

Dr. John M. Erickson, associate professor of chemistry: B.S., University of Wisconsin; M.S., South Dakota State College; Ph.D., Iowa State University; employed by Proctor and Gamble Company, Chicago; Navy veteran; associate professor of chemistry, South Dakota State College, 1956-60; married, three daughters.

Dr. David L. Jelden, assistant professor of industrial arts: A.B., Nebraska State Teachers College, Kearney; M.S., Colorado State College, Greeley; Ed.D., University of Missouri; has taught in Gibbon and Lexington, Neb., public schools; drawing instructor and research assistant, University of Missouri; Army veteran; married, two sons.

Dr. Robert L. Coard, assistant professor of English: A.B., Quincy College; M.A. and Ph.D., University of Illinois; has taught in Illinois high schools and at University of Nebraska, North Dakota State Teachers College, Minot, and University of Alabama; author of 44 magazine articles; single.

George B. Ferguson, assistant professor of English: B.S. and M.S., St. Cloud; working toward Ph.D. at

University of Illinois; taught three years at Sauk Rapids; Navy veteran; staff member at University of Illinois for five years; married, three children.

Richard P. McDermott, assistant professor of speech: B.A. and B.S., University of Missouri; M.A., Ohio State University; working toward Ph.D. at State University of Iowa; Army veteran; has been a speech therapist and a speech pathology instructor; married.

Ray Keith Michael, assistant professor of speech: B.S., State Teachers College, Indiana, Pa.; M.F.A., State University of Iowa; majored in dramatic art in 1958-59 at University of Bristol, England; has been a professional actor in summer stock; member of Indiana Theatre Guild; Navy veteran; has traveled in 15 foreign countries; married.

Donald R. Trummel, instructor in physics: B.S. and M.S., Western Illinois University; additional study for one year at University of Iowa; instructor for two years at Western Illinois University; research physicist for Convair, San Diego, Calif.; married.

Louis R. Hird, instructor in mathematics: graduate of U. S. Naval Academy; M. S., Purdue University; continuous active duty with Navy from 1935 until retirement in 1959; married, three daughters.

Ronald A. Korsak, instructor in physics: B.S., California Institute of Technology; M.S., University of New Mexico; specialist at White Sands

Missile Range, N.M., during Army service; research physicist at Naval Electronics Laboratory, San Diego, Calif.; married.

Ben H. Moore, instructor in physics: B.A., Park College; M.S., Kansas State University; work beyond master's degree at University of Kansas; research fellow at University of Colorado; taught high school three years, 13 years at Kansas City, Kan., Junior College and two years at Park College; married.

Alson I. Kaumeheiwā, instructor in industrial arts: attended University of Hawaii; U.S. Coast Guard, 1951-54; B.S., St. Cloud; master's degree, University of Minnesota; married, one son.

Foster L. Marlow, instructor in art: bachelor's and master's degrees, Eastern Illinois University; Navy veteran; has been a missionary, carpenter, decorator-designer, teacher, principal and art supervisor; married, two sons.

Mrs. Arlene Rice, instructor in women's physical education: B.S., St. Cloud; has taught at Wadena and Sauk Centre high schools.

Marvin A. Clark, instructor in business: B.S., St. Cloud; M.A., University of Minnesota; Army veteran; has taught at Pine City High School; married.

Walter G. Larson, instructor in science: B.A., St. Olaf College; M.A., Iowa State Teachers College, Cedar Falls; one year additional graduate work at University of Minnesota; has taught chemistry and physics seven years at Staples High

School; Army veteran; president, Central Minnesota Education Association, 1957-59; married, three daughters.

Gordon Mortrude, student teaching supervisor: B.S., Moorhead State College; M.S., St. Cloud; has taught at Sauk Rapids and San Bernadino, Calif.; married.

Gerald D. Ferguson, director of housing: B.S. and M.S., Colorado State University; Army veteran; residence hall director, Colorado State University, 1955-58; supervisor of men's residence halls, Colorado State University, 1958-60; married.

Miss Ardith Bonde, fourth grade teacher, Campus Laboratory School: B.S., St. Cloud; has taught at Circle Fines School.

Mrs. Doris Rooker, third grade teacher, Campus Laboratory School: bachelor's degree, St. Cloud; has taught at Berea, O., and Columbia, S.C.

Miss Deanna Renae Miller, second grade teacher, Campus Laboratory School: bachelor's degree, St. Cloud; taught two years at New Brighton.

Resignations: Mrs. Eleanora Creamer, Mrs. Esther Schmidt, Mrs. Mary Leighton Carlson, Donald Baier, Hira Baisya, Richard Baschky, Clifford Bemis, William Castle, Roy Hamari, Russell Hamm, Constance Leitch, Mildred Miller, Agnes Serum, Claud Crawford and Robert Tennison.

Faculty members on leaves of absence are Mrs. Marjorie Jarvi, student teaching supervisor, fall quarter; Mary Barrett, instructor in art, 1960-61; Donald Beattie, assistant professor of business, fall quarter; Robert Benson, instructor in business, 1960-61; Donald Eddy, instructor in

Security, Service Improved:

LIBRARY INVENTORY REVEALS
103,393 CATALOGUED VOLUMES

A total of 103,393 catalogued volumes were counted at Kiehle Library in a thorough inventory completed this summer, according to Dr. Luther Brown, director of instructional resources.

Dr. Brown reports that the library now receives 535 magazines and ten newspapers. Twenty-six new magazines were added last year and 40 more will be added beginning next January.

In a report to President George F. Budd, Dr. Brown said that for the past two years the library staff has been concerned chiefly with arranging and organizing materials to provide security and efficient service. In addition, all materials were inventoried and records, card catalogues and shelf lists adjusted to the corrected holdings. The library staff also has catalogued a large amount of materials which had accumulated but had not been processed for public use.

Among the library projects planned for the near future are processing items in the vault, rare book and historical collections so that they may be available for use and developing a collection of materials by Minnesota authors and about Minnesota.

Beginning this fall, the main library will be open 70½ hours per week, which is six hours more per week than last year. Library hours will be from 7:45 a.m. to 10 p.m. Monday through Thursday, 7:45 a.m. to 4 p.m. Friday and 9 a.m. to 2 p.m. Saturday.

The library's reserve book section was changed to a checkout system this summer to prevent abuses which had

FACULTY PAY DATES
ARE 10TH AND 25TH

Pay dates for faculty members will be the 10th and 25th of each month during the 1960-61 academic year, according to the Business Office. Faculty on a nine-month basis will receive their first checks Oct. 10, covering the period Sept. 19-30. Checks will be placed in post office boxes.

When pay dates fall on a Saturday, Sunday or holiday, checks may be distributed a day in advance or a day or two afterwards.

Questions regarding deductions should be directed to the Business Office.

DATES TO REMEMBER

Classwork begins at 8 a.m. Monday, Sept. 26. Dates to remember include Homecoming Oct. 15, Minnesota Education Association meeting Oct. 20-21, Thanksgiving recess Nov. 23 (noon) through Nov. 27 and Christmas vacation Dec. 17-Jan. 3.

developed. Students now will be required to sign for reserve books instead of helping themselves. Also, students must present their current fee statement before checking out any book, Dr. Brown said.

The library director reminded the faculty that when a teacher knows there will be considerable student pressure for specific items, such as a passage from a book or a magazine article, the library should be notified in advance so that Thermofax copies can be made. He also pointed out that books included on reading lists do not necessarily need to be placed on reserve.

TITLES AND DUTIES CHANGED
IN STUDENT PERSONNEL OFFICE

Administrative titles and duties were changed in the Student Personnel Office during the summer, reflecting a gradual shift in procedures and organization in that office.

Under the new arrangement, Dr. Robert Zumwinkle, formerly student personnel director, has become dean of students. He will continue to be institutional representative for the National Defense Student Loan Program.

Mrs. Mildred Jones, formerly dean of women, and John Weismann, formerly dean of men, each have become an assistant dean of students. Mrs. Jones continues as director of student activities and director of women's affairs. Weismann is director of men's affairs, director of veterans' affairs and financial aid adviser. Students seeking information on part-time employment, scholarships and loans should be directed to Weismann rather than Zumwinkle.

Gerald Ferguson, formerly supervisor of men's residence halls at Colorado State University, Fort Collins, has been appointed director of housing, a new position. He is responsible for supervising and coordinating the college's student housing program, including dormitories, off-campus housing and college-operated apartments for married students.

Mrs. Betty Cairns will serve on a half-time basis as administrative assistant for the National Defense Student Loan Program.

FACULTY HANDBOOKS

Faculty handbooks may be obtained from Mrs. Jewell Paulson at the President's Office.

Civil Service Notes:

SEVEN EMPLOYEES ADDED
TO STAFF DURING SUMMER

Seven new civil service employees were added to the college staff during the summer, according to the Business Office.

They are Shirley Voigt, Clerk-Typist I, Bureau of Physical Resources; Carol Schoenburg, Clerk-Steno I, Arts and Music Division; Mrs. Karen Banker, Clerk-Steno I, Bureau of Special Services; Kathleen Rosenquist, Clerk-Steno I, Health and Physical Education Division; Mrs. Mary Layer, Clerk-Typist I, Registrar's Office; Leonard Miller, Groundsman, and Edward Kollman, Riverview Building custodian.

Employees who have resigned are Sharon Beumer, Registrar's Office (Sept. 15); Mrs. Patricia Surma, Switchboard Operator (Sept. 20), and Patricia Suchy, Registrar's Office (Oct. 14).

Mrs. Lorraine Koshoil, Clerk-Steno II, has been transferred from Special Services to the Placement Bureau, Mrs. Margaret Sartell, Clerk-Steno I, has been transferred from the Placement Bureau to Graduate Studies.

ASSOCIATION MEETS OCT. 13

Next meeting of the Civil Service Employees Association will be Thursday night, Oct. 13, according to Mrs. Jewell Paulson, president. The meeting place will be announced later.

LOIS WINKELMAN WEDS

Lois Winkelman, secretary for the Arts and Music Division last year, was married July 19 in St. Cloud to Jerold Mockenhaupt. They are living in Rochester.

NEW FACULTY MEMBERS (Continued from Page 3)

industrial arts, 1960-61; and Robert Hanson, instructor in chemistry, 1960-61.

On sabbatical leave this year are Miss Eva McKee, assistant professor of physical education, and Miss Audra Whitford, assistant professor of business.

Five faculty members have returned from leave. They are Laura Lefkofsky, librarian; Lucille Maier, student teaching supervisor; Dr. Rowland Anderson, mathematics department chairman; Perry Rawland, associate professor of industrial arts, and Robert Laudon, assistant professor of music.

Kenneth Barklind has been added as a public school psychologist. Barklind, who received his B.A. and M.A. degrees at the University of Minnesota, has been employed by the Department of Public Welfare and the State Division of Vocational Rehabilitation.

PARKING PERMITS (Continued from Page 1)

Cars without permits which are parked in faculty-staff areas after Oct. 1 will be towed away after one warning, he added.

For convenience, a parking permit application blank has been attached to this Newsletter. Additional forms are available at Walton's office.

COLLEGE PLANS 22 OFF-CAMPUS COURSES

St. Cloud State College will offer 22 off-campus courses at its seven collegiate centers during the fall quarter, according to Dr. Charles Balcer, associate academic dean.

BARNHART HEADS LOCAL AAUP CHAPTER THIS YEAR

President of the college chapter of the American Association of University Professors for 1960-61 is Dr. T. A. Barnhart, chairman of the Languages and Literature Division. He succeeds Dr. Martha Worthington, professor of English.

Other officers are Dr. Harold Lieberman, associate professor of sociology, vice-president; Dr. Frances Bleick, chairman of the women's physical education department, secretary, and Dr. Hugh Barker, professor of biology, treasurer.

Dr. Paul Cairns, associate professor of English, and Dr. Calvin Gower, associate professor of history, are delegates to the state AAUP Council.

PHYSICS INSTRUCTOR KILLED IN CAR ACCIDENT JUNE 11

Roger W. Price, physics instructor, died June 11 in a car accident near Eagle Butte, S.D. Funeral services were conducted June 15 in St. Cloud and burial was at Prescott, Wis.

Before joining the St. Cloud faculty in 1958, Price taught for two years at Downers Grove (Ill.) High School. He is survived by his wife, Marilyn, and a daughter, Jean Marie.

TWO RECEIVE DOCTORATES

Two faculty members received doctor of education degrees during the summer. Mrs. Algalee Meinz, chairman of the art department, earned her degree at Pennsylvania State University and Richard Nash, assistant professor of psychology, earned his degree at the University of Colorado.

HARRIS HEADS FACULTY SENATE; TERMS OF OFFICE DETERMINED

Chairman of the newly-organized Faculty Senate is Dr. James Harris, professor of history. Dr. Harris was elected at the Senate's first meeting Oct. 13.

The group also elected Dr. Charles Balcer, associate academic dean, as its vice-chairman. Dr. Robert Wick, speech department chairman, was named to head a by-laws committee.

Terms of office for members elected by the faculty at large were determined by lot. The terms will be: three years -- Dr. Irvamae Applegate, Dr. Lyle Ball, Dr. Harry Goehring, Dr. Paul Ingwell and Dr. A. H. Schelske; two years -- Dr. Charles Emery, Dr. Arthur Housman, Dr. Albert Luker, Dr. Ronald Riggs and Dr. George Serdula; one year -- Dr. Carl Folkerts, Dr. Harold Lieberman, Dr. Marvin Thompson and Dr. M. E. Van Nostrand.

COLLEGE OFFERS EUROPEAN TOUR

St. Cloud State College is offering a 1961 summer tour of Europe for \$995. The six-week trip, to be conducted by Dr. Harold Lieberman, associate professor of sociology, will allow eight quarter hours of college credit. The tour group will fly both ways from New York, leaving June 14 and returning July 23. The tour price does not include tuition or incidentals.

"INTERNATIONAL CHRISTMAS" IS THEME FOR SMORGASBORD

"International Christmas" is the theme for the Christmas smorgasbord sponsored by the Faculty Association. Serving is scheduled from 5:30 to 7 p.m. Sunday, Dec. 11, in Mitchell Hall Snack Bar. All Association members, their husbands and wives and special guests, including several state legislators, have been invited.

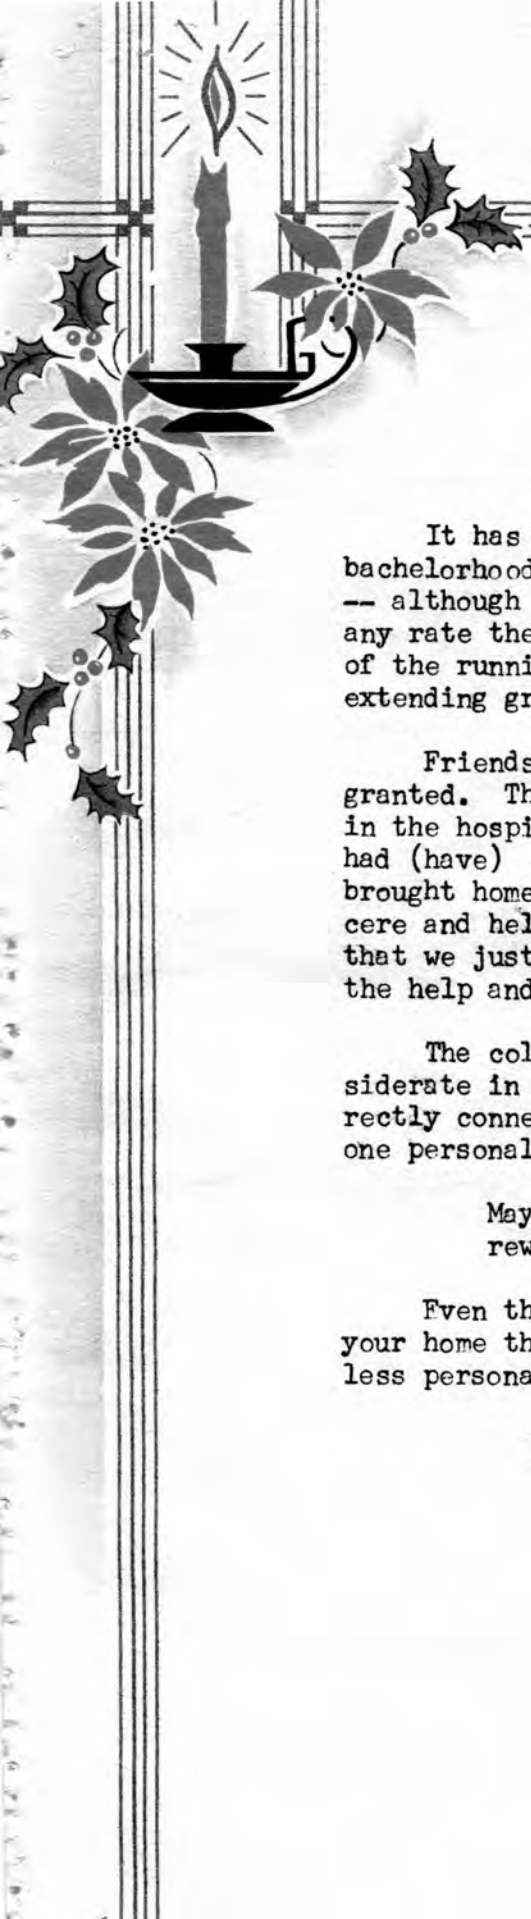

In charge of arrangements is a committee composed of Dr. Lorene Marvel, Miss Lucille Maier, Mrs. Dorothy Nash, Mrs. Evelyn Homstad, Dr. John Kasper, David Grether and Charles Crane.

FIVE GROUPS TO PERFORM IN CHRISTMAS CONCERT

Sunday, Dec. 11, is the date for the college's annual Christmas concert featuring five musical groups.

To accommodate the large number of persons expected to attend, the program will be presented twice -- at 3:30 and 8 p.m. -- in Stewart Hall Auditorium.

Directors will be Harvey Waugh, orchestra and choir; Roger Barrett, band; Miss Myrl Carlsen, Cecilians, and Harold Krueger, brass ensemble. Miss Ruth Gant and Robert Laudon will be accompanists and Mrs. Helen Huls is vocal consultant. All main floor seats are reserved.

It has been said that one reason men forsake the joys of bachelorhood is to have someone to write their Christmas cards -- although I suspect there may be more compelling reasons. At any rate the Christmas card writer for the Budd family is out of the running this season and so we are taking this means of extending greetings.

Friendship is a precious commodity and often taken for granted. The past several weeks, however, that Laura has spent in the hospital in order to allow the spinal disc (discs) that had (have) slipped, herniated, or whatever, to heal, have brought home to us more forcibly than you can imagine how sincere and helpful are our many friends. It is a simple fact that we just could not have got through this long siege without the help and good cheer that came to us in such great abundance.

The college faculty and staff have been unbelievably considerate in a hundred different ways. So have people not directly connected with the college. To all of you - and each one personally - Laura and I want to say:

May this holiday season be as bright and as rewarding for you as you have made it for us.

Even though there will not be an individual card sent to your home this Christmas, the traditional greeting is none the less personal.

MERRY CHRISTMAS AND A JOYOUS NEW YEAR!

George and Laura Budd

FACULTY PERSONALS

Dr. Philip Youngner, physics department chairman, lectured at an Academic Year Institute for High School Science Teachers Dec. 1-2 at the University of South Dakota... Alfred Lease, industrial arts instructor, has been named executive secretary to the Minnesota Industrial Arts Association. Lease's primary responsibility will be planning and coordinating a state-wide public relations program for the Association, which he served as president in 1957... Six members of the English department attended a Golden Anniversary Convention of the National Council of Teachers of English Nov. 24-26 in Chicago. They were Dr. T. A. Barnhart, Dr. Lewis Smith, Jr., Dr. Robert Coard, Miss Freda Martin, Miss Eloise Courter and George Ferguson. During the meeting Dr. Barnhart and Dr. Smith led panel discussions... Harvey Waugh, music department chairman, presented a violin concert Nov. 6 over KCMT-TV, Alexandria. He was accompanied by Robert Laudon, assistant professor of music... Registrar Truman Pouncey attended an annual conference of the Upper Midwest Association of College Registrars and Admissions Officers Oct. 23-25 at Iowa State University... Dr. Arthur Housman, College Theatre director, Mrs. Housman and 16 students in the "Wonderful Town" traveling troupe were honored at a "Welcome Home" banquet Nov. 21 upon their return from a five-week USO tour of American military bases in the Northeast Command. The banquet, co-sponsored by the college and the chamber of commerce, was held at the St. Cloud Hotel... Three members of the college field chapter of Phi Delta Kappa, professional education fraternity, attended a district conference Nov. 4-5 in Lincoln, Neb. They were Dr. Marvin Holmgren, chapter president; Dr. Arnold Zaeske, treasurer, and Stanley Sahlstrom, regional coordinator.

Civil Service Notes:

CHRISTMAS PARTY IS TUESDAY
AT WAITE PARK MOOSE LODGE

A Christmas party for members of the Civil Service Employees Association is scheduled for Tuesday Dec. 13, at the Moose Lodge in Waite Park.

A 7:30 dinner will be preceded by a social hour beginning at 6:45 p.m., according to Mrs. Yvonne Bardson and Sharon DeZiel, Business Office, who are in charge of arrangements. About 85 persons are expected to attend. Earl Hoshal will be master of ceremonies.

Arnold Aubol, Building foreman who is retiring this month after completing 33 years of service, will be honored.

SEVEN SECRETARIES ATTEND
STATE MEETING AT HAMLINE

Seven civil service employees at the college attended a fall conference of the Minnesota Association of Educational Secretaries Oct. 22 at Hamline University.

They were Mrs. Jewell Paulson, President's Office; Inez Kronenberg, Academic Dean's Office; Mrs. Leone Bauerly, Business Office; Barbara Belschner, Student Personnel Office; Mrs. Hazel Szafranski, Education, Philosophy and Psychology Office; Amelia Hockert, Library, and Phyllis Lesnick, Business Education Office.

GIFTS SOUGHT FOR NEEDY CHILDREN:

Christmas gifts for needy children in the Twin Cities area through the "Santa Anonymous" program will be accepted at the college until noon Monday, Dec. 12. The toys or articles of clothing, each valued at \$2 or less, are to be placed under Christmas trees in the dormitories.

FACULTY PERSONALS

Dr. Carl Folkerts, professor of economics, was moderator for a panel on problems in agricultural economics at an annual meeting of the Minnesota Economics Association Oct. 22 in Mankato. Dr. Lyle Ball and Roderick Forsgren also attended... Mrs. Mildred Jones, assistant dean of students and director of student activities, was banquet speaker at a state conference of Associated Women Students Nov. 11-12 at the college... President George F. Budd was one of three panel leaders for a regional assembly on "The Federal Government and Higher Education" Oct. 27-30 at Pere Marquette State Park near St. Louis. The meeting was co-sponsored by St. Louis University and the American Assembly at Columbia University... Dr. James House, associate professor of speech, has been elected to the board of the Minnesota Speech and Hearing Association for a two-year term... Dr. Edwin Nash, professor of business, will be recorder for a session on "College Accounting" during an annual convention of the National Business Teachers Association Dec. 27-29 in Chicago... Dr. Donald Netzer, associate professor of geography, has been appointed to the executive committee of the Minnesota Conservation Federation. He also is a member of the organization's education committee... Dr. Charles Balcer, associate academic dean, will conduct a television course called "Current Concepts in Language Arts for the Classroom" during the winter quarter over KTCB, Channel 2... Dr. John Laakso, associate professor of biology and chemistry, lectured at an institute for high school science teachers Dec. 2-3 at Fergus Falls... Dr. Robert Wick, speech department chairman, and Donald Dedmon, forensics director, were faculty co-chairmen for a tenth annual High School Speech Festival Nov. 18 at the college... Two members of the indus-

PUBLICATIONS

Dr. Lorene Marvel, professor of music, is the author of a 71-page booklet entitled "The Music Consultant at Work" published recently by Columbia University Teachers College. The booklet describes the role of the music consultant in the elementary school music program... "Central Minnesota: Land of Many Faces," an article by Philip Tideman, assistant professor of geography, appeared in the fall issue of Gopher Historian, the junior historical magazine of Minnesota... "The Right to Vote in America," an article on election laws in the United States by Dr. Robert Rie, assistant professor of German, appeared in the October issue of Deutsche Rundschau, a German magazine published in Heidelberg... "My Museum of Morbid English," an article by Dr. Robert Coard, assistant professor of English, appeared in the September issue of Education Digest. The article was published originally in the Journal of Higher Education last May.

trial arts department attended a meeting of the Mississippi Valley Industrial Arts Association Nov. 10-11 in Chicago. They were Dr. Raymond Larson, chairman, and Alfred Lease, instructor... Robert Laudon, assistant professor of music, handled arrangements for a piano teachers workshop Nov. 1 at the college. Laudon is chairman of the Minnesota Music Teachers Association's central district... Dr. Harry Goehring, associate professor of science education, is nearing a world record in his study of bat survival in central Minnesota. He has been keeping track of the big brown bat population in a storm sewer in St. Cloud since the winter of 1951-52. If he finds some of the original bats back in the same spot this month, he will have tied the world record.
