## GENERAL ANNOUNCEMENTS:

### Notices from the Business Office:

Because the time is limited before the close of the quarter, all students who wish to have their credits checked are urged to see the Registrar this week at any time convenient to the student. It will not be necessary for the graduates to report because they will be notified if they have not met graduation requirements.

Students who received incompletes for the winter quarter must have the incomplete removed by June second. These students should see their instructors at once so that their final grade may be reported before the close of the quarter.

Personal checks will not be cashed in the Business Office after Monday, May 22. Any bills payable in the Business Office after that date must be paid by cashier's check, money order or in cash.

### Attention Students and Faculty:
