## FACULTY SHOULD "AIM HIGH" TO MEET DEMANDS, SAYS WICK

"Aim very high" in the decades ahead to meet the challenges of increasing enrollments, Acting President Robert H. Wick said at a faculty meeting Feb. 16 in Brown Hall Auditorium.

"The college's tradition, location, relative smallness and the support we receive from the state combine to offer us a most promising future," he maintained. "It would be a mistake to plan on the assumption of limited financial support because if we plan well enough the plans will produce their own support. If we mean to do important things, based on creative ideas, the money will be forthcoming."

Dr. Wick said the college's concern for the individual student must be continued while the campus develops as a unified intellectual, cultural and social community. He emphasized quality instruction that will give each graduate "a command of the basic knowledge underlying his field" and yet make him "versatile enough to adjust throughout his life to new conditions and new practice."

The college community should provide a "vibrant atmosphere" for both students and faculty, concerned about public issues, international affairs, the arts, books and philosophy, he added. The curriculum and environment "should continue to attract and sustain the able and serious students and discourage the less responsible and less cap-

## 9,000 Students By 1970

COLLEGE SEEKS NEARLY \$14 MILLION  
TO CONTINUE EXPANSION PROGRAM

St. Cloud State College is seeking nearly \$14 million from the 1967 Legislature to provide facilities for an estimated enrollment of almost 9,000 full-time on-campus students by 1970.

In a report Jan. 28 to the Legislative Building Commission, Acting President Robert H. Wick asked for an education building, art building, companion structure to the physical education building, married student housing, supplemental appropriations for a fine arts building and new library and closed-circuit television. He also requested additional funds for repairs and improvements.

The ten-member commission will make recommendations to the 1967 Legislature. The 1965 Legislature appropriated about half the \$6.5 million requested by the college for buildings.

Dr. Wick told the commission that if present trends continue, St. Cloud's enrollment will reach 8,784 full-time on-campus students by 1970 and 11,870 by 1975. The college's growth potential "is closely related to its central location in the state and its close proximity to the Twin Cities," he explained. "This helps account for the fact that we are the second largest state college, drawing students from every county and with the highest in-state student enrollment percentage of all the state colleges."

#### FOUR FACULTY MEMBERS GRANTED SABBATICALS

Four faculty members have been granted sabbatical leaves for the 1966-67 academic year by the State College Board. They are Allen Brink, Harry Olson, Charles Crane and Louis Hird. In addition, Harold Opgrand was awarded a sabbatical leave for the 1966 fall quarter. All will work toward doctor's degrees.

Leaves of absence were granted to six other faculty members: Dr. Rowland Anderson, two years; Dr. Irvanae Applegate, one year; R. Keith Michael, one year; Mrs. Marion Michael, one year; Mrs. Ruth Morgan, spring quarter 1967, and Dr. Harold Hopkins, part of spring quarter 1966.

#### WINTER QUARTER ENROLLMENT HITS ALL-TIME HIGH: 6,426

Still another enrollment record was established this winter quarter at the college when the number of on-campus students reached 6,426.

The new figure represents an increase of 129 over fall quarter on-campus enrollment, which was 22 per cent higher than 1964. Among the currently enrolled students are 5,945 attending classes on a full-time basis compared with 5,713 last fall.

#### COLLEGE OFFERS 24 OFF-CAMPUS COURSES

The college will offer 24 off-campus evening courses this spring in 13 communities. They are Alexandria, Anoka, Browerville, Brainerd, Cambridge, Columbia Heights, Litchfield, Mound, Osseo, Mounds View, North St. Paul, White Bear Lake and Willmar.

#### COLLEGE SEEKS \$14 MILLION FOR EXPANSION (Continued from Page 1)

The proposed \$2.1 million education building, housing most of the School of Education, would include lecture, conference and observation rooms, laboratories, materials center and offices. The \$2 million art building would allow the rapidly-expanding art department to vacate the second floor of Headley Hall, which is needed by the Institute of Industrial Education and Technology.

Dr. Wick requested \$2.1 million for a companion building to Halenbeck Hall and for adjacent fields and courts. Pointing out that 540 married students are enrolled, he asked for \$650,000 to build 50 units of married student housing. For closed-circuit TV the college is seeking \$350,000.

A \$500,000 supplemental appropriation is needed for a fine arts building authorized by the 1963 Legislature, although that request will be dropped if a similar bid for federal funds is successful, he indicated. Dr. Wick said \$2.8 million is needed for the second phase of a new library planned for 8,000 students. The 1965 Legislature appropriated \$800,000 for the building and the college has applied for \$400,000 in federal funds.

The college also is seeking \$1.6 million to acquire six blocks of property at the southwest corner of the campus for new dormitory-food service units and four blocks directly west of the campus for academic buildings and parking areas. Slightly over \$1 million was requested as the state's one-fourth share of proposed new dormitory and food service facilities. The remaining three-fourths would be financed through revenue bonds. A total of \$598,000 was requested for repairs and improvements, including a warehouse, improved campus lighting and more off-street parking areas.

## SIX GROUPS TO PERFORM AT CHRISTMAS CONCERT

A wide variety of Yuletide music will be featured at the music department's Christmas Concert Sunday, Dec. 11, in Stewart Hall Auditorium. Two performances are scheduled -- at 3:30 and 8 p.m. Performing groups will include the College Orchestra, Concert Choir, Oratorio Chorus, Brass Ensemble, Chamber Choir and Concert Band. Directors will be Dr. Roger Barrett, James Flom, Kenton Frohrip and Harvey Waugh. Miss Ruth Gant will be organist.

Although there is no admission charge, all seats are reserved. Tickets are available to faculty from 9 a.m. to 4 p.m. Tuesday, Dec. 6, at the Stewart Hall box office. Reserved seats must be claimed by one-half hour before each performance.

## WORK BEGINS ON RESIDENCE HALL, FINE ARTS CLASSROOM BUILDING

Now under construction are a three-story, 200-bed residence hall and a \$2.5 million fine arts classroom building. Scheduled for completion next September, the hall will house both men and women students in apartment-type units. A courtyard will link the \$740,390 brick structure with Carol Hall.

Jointly financed by state and federal funds, the fine arts building will include two theatres, a recital hall and radio-television facilities. It is scheduled for completion early in 1968.

## FACULTY BUFFET SCHEDULED SUNDAY AT COLLEGE CENTER

"An American Christmas" is the theme for the Faculty Association's traditional Christmas buffet scheduled for 5 to 7 p.m. Sunday, Dec. 11, in Atwood Memorial College Center. Tickets are \$2 per person. Husbands and wives of association members are invited as well as retired faculty and area legislators.

Again this year, gifts are being collected for distribution through local charities. Gifts may be placed in deposit boxes at mail pick-up points in each building or they may be brought to the buffet. Each gift should be securely wrapped and marked to indicate the appropriate sex and age for the recipient.

Etny Nequette is chairman of the buffet committee. Other members are Miss Barbara Bloomer, Mrs. Florence Bennett, Mrs. Joann Normandin, Miss Mary Russell, Joseph Dwyer, Robert Hall, Robert Lacher and James Peterson.

## ENROLLMENT TAKES ANOTHER LEAP

Nearly 7,500 students are on the campus this fall, representing a 19 per cent increase over last year's 6,297. Among them are 6,747 full-time students. The college's overall enrollment, including off-campus and television students, is 7,919.

FACULTY-STAFF NEWSLETTER is edited and distributed by Information Services.

### THOUSANDS PARTICIPATE IN INAUGURAL EVENTS

Thousands of students, faculty, alumni and friends participated in Inaugural Weekend activities for President Robert H. Wick Oct. 27-29 at the college. Renewing a spirit of pride and respect for the 97-year-old institution, the festival featured six major events.

The first attraction was a concert by the Minneapolis Symphony Orchestra under the baton of Stanislaw Skrowaczewski Oct. 27 in Halenbeck Hall. Kenneth Keating, former U.S. senator who is now a member of the New York State Court of Appeals, spoke at an Oct. 28 convocation in Stewart Hall Auditorium. Dr. Wick and his party were honored at a buffet that evening in Garvey Commons for active and retired faculty and their spouses.

A tradition was established at the inaugural ceremony Oct. 29 in Halenbeck Hall. Gov. Karl Rolvaag presented Dr. Wick with a gold and silver medallion to be worn hereafter by the president at appropriate occasions. A representation of the college seal, the medallion was fashioned by Dr. James Roy. Nearly 100 representatives of colleges, universities, learned societies and professional organizations joined some 150 St. Cloud faculty in the academic procession. The College Orchestra and Concert Choir performed and Dr. Wick delivered an inaugural address. A reception followed the ceremony.

Concluding the weekend was an inaugural ball the evening of Oct. 29, also in Halenbeck Hall. Music was provided by Stan Haugesag and his orchestra of Minneapolis. Refreshments were served on the balcony.

All events except the buffet were free and open to the public. Financial support came from the state, student body, faculty and alumni associations and community organizations. Ray Rowland coordinated the 85-member committee.
