Whether Dan Aykroyd's on the net to add to his collection of badges or keeping in touch with his friends in blue all across the country, he doesn't want traffic to slow him down. And you can be sure he's fast with Charter high-speed Internet access. Unlike hurry-up-and-wait dial-up services, Charter offers instant access because it's always on. Plus, there's no need for an additional phone line. Whatever you want to do online, the company with the most advanced digital platform helps you do it faster and better.

REGISTRATION AT SCSU

At St. Cloud State University enrollment requests may be processed by accessing either the Online Registration and Student Information System (www.stcloudstate.edu/registeronline/) or the Touchtone Telephone Registration System (320-654-5288 or 800-657-3625). Both of these systems are briefly noted below. Additional information can be found in the semester course schedule.

Before attempting to register, read all instructions regarding academic and procedural requirements. The Office of Records and Registration personnel will answer registration procedure questions on the student registration "HELP" line, (320) 255-3936 or through e-mail via the Web Team link on web pages.

ONLINE REGISTRATION AND STUDENT INFORMATION SYSTEM

The Online Registration and Student Information System may be used to confirm an assigned registration time, add and/or drop classes, search for open classes, view a class schedule, view/change a local, permanent or billing address and check for grades and holds. The system may be accessed through the SCSU Home Page at www.stcloudstate.edu.

All financial, academic and other "holds" must be cleared before attempting to add or drop classes. It is important that all financial obligations are paid as soon as they become due. A late payment will mean a delay in accessing Touchtone or Online Registration.

Students will be held responsible for all transactions and adjustments made to their class schedule using Touchtone or Online Registration and all financial and academic consequences that result from that schedule.

TOUCHTONE REGISTRATION

Touchtone registration is one component of the Office of Records and Registration's voice response system. The voice response system will allow a student to add classes, drop classes, verify a class schedule, search for open classes and confirm an assigned registration time using a touchtone telephone.

There are no restrictions on how often the Touchtone Registration System may be accessed, but each call is limited to 10 minutes. After being connected to TtRS, if no entry is made within 45 seconds, the system will terminate the call.

All financial, academic and other "holds" must be cleared before attempting to add or drop classes. It is important that all financial obligations are paid as soon as they become due. A late payment will mean a delay in accessing Touchtone or Online Registration.
