# Did You Ever Have to Coax a Youngster to Eat

## ICE CREAM?

No, of course not---they love it! Then why not take advantage of this never-miss appetite and give the youngsters plenty?

Promise them a dish of ice cream, and they'll eat their greens and cereals without a murmur. Then the ice cream will round out their meal perfectly. Remember, it's full of mineral matter for their teeth and bones; butterfat and natural sugars to fuel their active bodies; protein to build their muscles; and vitamins to help them grow and keep well.

You'll make meal-time easier for yourself and happier for the little ones every time you say "ice cream today."

that stands for health*

## WHY MANY WOMEN

Never Bother to Go to "Sales"

It is often inconvenient to leave work at the advertised hour.

The "special bargains" are usually the wrong shade or size.

They know that they can find *what* they want, exactly *when* they want it in our store without fighting "bargain crowds."

Experience has taught them that our Everyday Low Prices are as low, and often lower, than so-called "sale prices."

St. Cloud T. C. has heard the call  
We're here to show our loyalty, Rah! Rah!  
Come on boys fight, we'll win this game  
And show our colors black and red  
And sing this song, both loud and long  
To victory—St. Cloud T. C.
