ABOUT THE COLLEGE Located along the Mississippi River in St. Cloud, a central Minnesota community of 40,000, St. Cloud State College was established in 1869 as the third state normal school. The first building was the old Stearns House, a hotel which was purchased by the State Legislature for \$3,000 and remodeled for use as a school.

In 1898, the school began offering a full junior college curriculum, and in 1921 it was authorized by the Legislature to adopt the name of St. Cloud State Teachers College. In 1925, St. Cloud was authorized to grant a four-year Bachelor of Education dearee. The degree was changed to Bachelor of Science in 1940. The 1953 Legislature authorized the college to grant the graduate degree, Master of Science in Education, and in 1957 the school's name became St. Cloud State College.

Although the college has remained primarily a teacher preparation institution, authorization was given in 1946 to grant a Bachelor of Arts degree. A two-year Associate in Arts degree in general or professional education was authorized in 1948. The 1963 Legislature authorized St. Cloud to award M.A. degrees.

St. Cloud State College is a member of the American Association of Colleges for Teacher Education and the North Central Association of Colleges and Secondary Schools.

In the 100 years since its modest beginning, the college has grown steadily and now has a multi-million dollar physical plant, nearly 500 faculty members and about 10,000 students. To accommodate this ever-increasing student body, the college is engaged in a long-range building program.

Recently completed facilities include Atwood Memorial Center and a performing arts center. Halenbeck Hall, St. Cloud's health, physical education and recreation building with its 7,500 seat gymnasium, was opened in 1965. Dedicated during the centennial year were a Performing Arts Center, three residence halls for students, and a new school of business building. Now under construction is a spacious learning resources center.

THE OUTLOOK

St. Cloud State College captured a share of its second straight Northern Intercollegiate Conference baseball championship last spring and set a new single season team record with 22 victories.

In fact Coach Jim Stanek, in three seasons with the Huskies, has piloted his club to an enviable won-loss record of 63-18.

Continuing that torrid pace in 1971 seems unlikely following the departure of nine lettermen off låst year's club.

Gone are such All-NIC performers as Mike Trewick at second base, Steve Strandemo at shortstop, Bob Carruth in the outfield and Dennis Lorsung behind the plate. Also gone are Bob LaCroix, Mike Graham, Jerry Henkemeyer, Steve Prueter, and Dick Ollila, All will be hard to replace.

Stanek will attempt to fill the gap at catcher by bringing Bob Britz in from left field. Transfer Bob Kelly should pick up the slack at shortstop. Second base and two outfield posts, however, remain up for grabs.

Pitching should be a bright spot, especially with four seasoned lettermen returning. Stanek remains cautious, however, following injuries to two key performers. They are Dan Jensen, Greg Thayer, Steve Fuchs and Jim Tomczik.

THE HUSKIES' COACHING STAFF

HEAD COACH JIM STANEK

Jim Stanek will hold the baseball reins at St. Cloud State College for the fourth time in 1971.

A product of North High School in Minneapolis, Stanek took over for Dr. John Kasperthree years ago and now boasts an impressive 63-18 record.

Stanek got his real start in baseball as a first baseman under Coach Kasper in the early 1950's. Following his graduation, Stanek coached at Winthrop High School for two years before entering the University of Minnesota where he held the post of assistant track coach while doing graduate work.

Twelve years of service at Coronado, Calif., High School as head baseball coach, assistant football coach, athletic director and administrator of boys physical education followed before he returned to his alma mater in 1967.

Besides serving as head baseball coach at St. Cloud, Stanek also holds the post of defensive line coach with the Huskies during football season.

Married with one son and one daughter, Stanek has his B.S. degree from St. Cloud and his M. Ed. degree from the University of Minnesota.

THE HUSKIES' COACHING STAFF

ASSISTANT COACH DENNIS SMITH

Dennis Smith will take over as Jim Stanek's number one assistant on the baseball front this spring.

A year ago Smith returned to the St. Cloud State College campus to continue his graduate studies, and last season he served as the Huskies' junior varsity boss in basketball.

He became a full-time member of the St. Cloud coaching staff last fall and served as freshman basketball coach during the 1970 -71 season.

Smith is a former Husky who got his athletic start in football, basketball and baseball at Morton High School. At St. Cloud, he starred in baseball for three years under Coach John Kasper.

During his undergraduate days at St. Cloud, Smith also served as freshman coach in baseball, trainer in basketball and assistant freshman cage coach.

Smith was graduated in 1967 and immediately took over as the head basketball coach at New London-Spicer High School.

Married with one son, Smith has his B.S. degree from St. Cloud and now is completing his M.S. degree.
