# When it comes to responsible decisions, students can be the best teachers.

One subject students know very well is other students. How to talk to them. What makes them tick. How to influence them. Which makes students the best teachers when it comes to another subject: Responsible decision making about alcohol.

The BACCHUS program, sponsored in part by Anheuser-Busch, is a program that allows students like you to play the major role in encouraging other students of legal drinking age to think about and develop responsible decision making about alcohol, as well as develop responsible decision making about alcohol, as well as respect for state laws and campus policies

regarding alcohol consumption.

In BACCHUS, you'll find plenty of peers, but no pressure. Just plain talk in a relaxed environment. There are over 600 BACCHUS chapters on campuses nationwide. If there isn't one on yours, consider starting one. If there is, get involved. Who knows, you could be a great teacher. And a great student.

BACCHUS is the kind of grass roots program that Anheuser-Busch supports to encourage responsible decision making about alcohol by adult collegians. For more information, contact BACCHUS of the U.S., Inc., P.O. Box 100430, Denver, Colorado 80250.

## REGISTRATION AT SCSU

At St. Cloud State University enrollment requests may be processed by accessing either the Touchstone Registration System (320-654-5288) or the Online Registration and Student Information System ([www.StCloudState.edu/registerline/index.html](http://www.StCloudState.edu/registerline/index.html)). Both of these systems are briefly described below. More complete information may be found in the Semester Schedule booklet.

## TOUCHTONE REGISTRATION

Touchtone registration is one component of the Office of Records and Registration's voice response system. The voice response system will allow a student to add classes, drop classes, verify a class schedule, search for open classes and confirm an assigned registration time using a touchtone telephone.

Students will be held responsible for all transactions and adjustments made to their class schedule using the Touchtone Registration System and all financial and academic consequences that result from that schedule. Students are also responsible for all charges associated with phone calls. Calls may be monitored for security and evaluations.

There are no restrictions on how often the Touchtone Registration System may be accessed, but each call is limited to 10 minutes. After being connected to TTRS, if no entry is made within 45 seconds, the system will terminate the call.

All financial, academic and other "holds" must be cleared before attempting to add classes. Since it may take up to three working days for "holds" to be removed, it is important that all financial obligations are paid as soon as they become due. A late payment will mean a delay in accessing the Touchtone Registration System.

## ONLINE REGISTRATION AND STUDENT INFORMATION SYSTEM

New to St. Cloud State University this fall semester is the Online Registration and Student Information System. This web-based system may be used to confirm an assigned registration time, add and/or drop classes, search for open classes, view a class schedule and check for grades and holds. The system may be accessed through the SCSU Home Page.

Students will be held responsible for all transactions and adjustments made to their class schedule using the Online Registration System and all financial and academic consequences that result from that schedule.

All financial, academic and other "holds" must be cleared before attempting to add classes. Since it may take up to three working days for "holds" to be removed, it is important that all financial obligations are paid as soon as they become due. A late payment will mean a delay in accessing the Online Registration and Student Information System.

THIS GUY IS IN CLASS.**

Excitement and adventure is the course description, and Army ROTC is the name. It's the one college elective that builds your self-confidence, develops your leadership potential and helps you take on the challenges of command.

There's no obligation until your junior year, and means there's no reason not to try it out right now.

# Why you need a bigger Internet connection.

**W**hen it comes to the Internet, connecting over a big cable is better. Much better. Bigger means incredible speed, so you'll download up to 100 times faster\* than a 28.8K phone modem. Bigger means cable so you won't tie up a phone line when you're online. Bigger means the most exciting Internet you've ever seen.

## You'll enjoy a bigger Internet.

The Bresnan@Home® service combines the Web's best content with eye-popping graphics, instant video and intense audio. Watch the news unfold on video clips from FOX News.® Get Bloomberg™ financial updates and video reports from Wall Street. Download movie trailers anytime you want — in seconds, not minutes. It's bigger. It's bolder. It's what you want from the Internet.

## You'll accomplish big things.

With cable you get a constant connection and instant access to the Internet. Leave your computer on, and you're always online. The Bresnan@Home service lets you get the weather forecast, check airfares to Hawaii, or answer that email from your mom —

anytime, day or night. Combine this kind of convenience with incredible speed, and you'll be amazed at how much more you can get done.

## Sign up today!

Thanks to our no-risk 30-day satisfaction guarantee, it's a great time to call Bresnan to

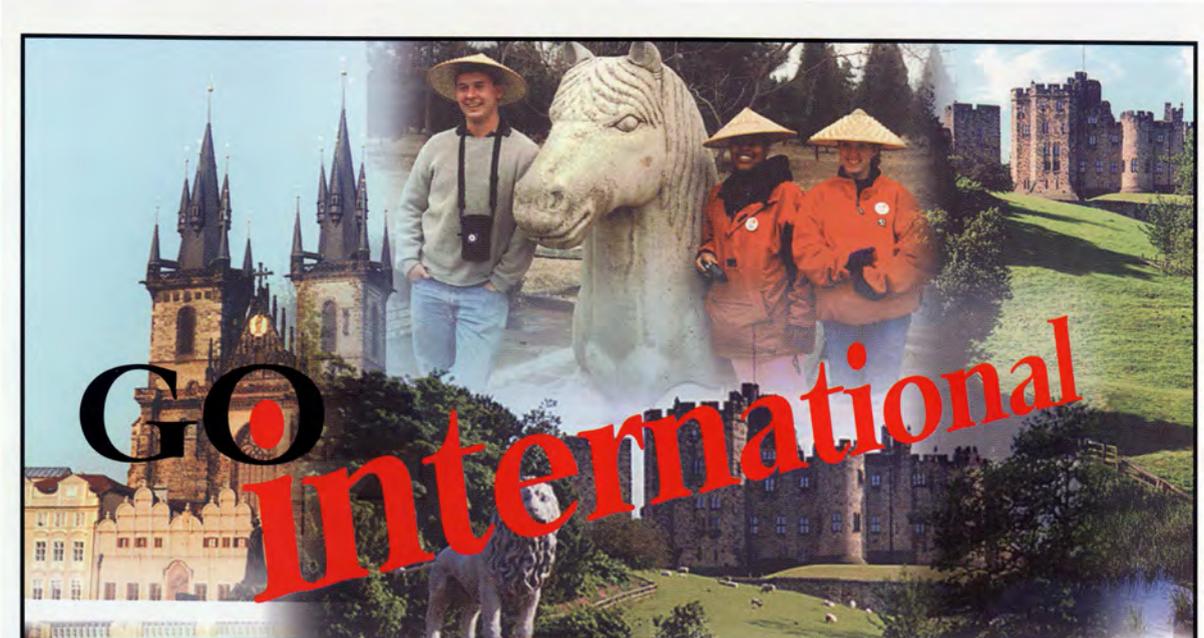

sign up for Bresnan @Home. You'll get everything you need to make the most of the Net: blazing speed, multiple email accounts, 24/7 tech support, unlimited Web surfing and more. With Bresnan@Home, bigger really is better.

# GO international

## Should I go International?

Yes, if you are interested in exploring a new culture in an academic setting. It often costs no more than staying at home and it's a great way to become more fluent in a foreign language. There are plenty of programs available to broaden your potential, expand your knowledge and awareness. Employers value your experiences which places you in front of the job market. This non-traditional form of learning allows you to make lifelong friends & contacts. So what do you say? "Why not check it out!"

Your relationship with **SCSU** doesn't have to end with graduation. **St. Cloud State** has a very active **Alumni Association**. With chapters all over the country, thousands of **SCSU** alumni are getting together to have fun and celebrate the common ties that bind them to **SCSU**.

So wherever you go after graduation, look around, chances are good there's another **Husky** in your neighborhood.

## Show your Husky pride

The SCSU Alumni Association has unveiled the new SCSU class ring.

The ring displays the University's logo which was first used in the early 1920s on athletic letterwinners' jackets and has since become the official logo of SCSU. This symbol links past, present and future members of the St. Cloud State family and reflects the heritage of our fine university.

Students and alumni can choose between yellow and white gold. Rings are custom crafted by Josten's in 10, 14 or 18 karat gold with the purchaser's name engraved inside the band.

All SCSU class rings are backed by a Josten's Lifetime Warranty and are protected against loss or theft by Josten's Ring Loss Insurance. Certain terms and conditions apply.

The rings can be ordered at the SCSU Bookstore.
